Orchestra Formed at Easton.

On Thursday evening a number of people interested in music met at the Washington Union High school building and organized an orchestra with twelve members. Prof. S. Samuelson was engaged as leader. Miss Maggie Gillespie was elected president, Osmer Abbott secretary, and Andrew Carlin treasurer. The instruments are three violins, two mandolins, two guitars, two cornets, cello and baritone and trombone. The members are the officers mentioned and Messadnes Wright, Anderson and Main; Messrs. Aughe Ramage, Anderson, Thiele, McClung, Simpson. The next meeting will be at the High school building at 7:30 o'clock next Tuesday evening.

Henderson Doing Well.

William Henderson, who was attacked by Edward Fontaine, a man he had discharged from the employ of Henderson & Boles, is still at the Burnett sanitarium. Henderson was out twice by Fontaine and was very much weakened by loss of blood before he reached Dr. A. B. Conant's office. The night after the cutting Henderson became very restless in his bed at the hospital and the threads that were used in tying a severed artery were displaced and Henderson bled a great deal before the flow was stopped. Since then everything has been well for Henderson. Dr. Cowan said last night, that Henderson is now out of danger and with careful attention will be on the street the middle of next week.

ATTRACTIONS AT THE BARTON

Tonight Ekhardt's Ideals Close Engagement.

Augustus Thomas' "Arizona" Tomorrow Night—Ellery's Band for One Night.

Tonight at the Barton the popular Ekhardt's Ideals will conclude their engagement in this city with the strong comedy drama "The Inside Track." This play when produced in New York ran over 300 nights and was one of the biggest drawing cards produced for years. The scenes and incidents are laid during the time of the civil war and at the time men were drafted into the U. S. army. It depicts the story of two brothers who leave their home and friends for country's cause and during their absence the home is visited by a false friend who falsely accuses the two

OLD DORSEY ROBINSON BUILDING.

WAS ROBBED BY COMRADES

One Held Hale's Hands While
Other Rifled His Pockets.

One of Accused Received a
Blow From Well Borer's
Fist—News Notes
of Madera.

MADERA, Oct. 28.—Two men robbed a comrade yesterday. This is the substance of the accusation made by John Hale, an old man, against Joe DeSoto and Frank Donley, who have been arrested on Hale's complaint.

Hale came down from Sugar Pine with the two men he accuses of robbing him. He says that Donley caught him by the hands and held him while DeSoto went through his pockets and took whatever valuables they contained. They found \$35 in cash and a railroad ticket from Madera to San Francisco. The three men had a mixup near the soda works. Donley knocked the old man down and was brutally kicking him when R. Butler and G. C. Hopkins, Madera citizens, interfered. Donley took offense at the interference of the two men and drew back his fist as though he was going to strike. Hopkins is a big, strong well-borer and when his fist shot out and caught Donley on the nose Donley went to the ground like an ox felled with an ax. Donley picked himself up and ran.

The High school literary society gave an entertainment yesterday. The Glees rendered some very happy selections. One of the numbers was a reading by Merle Goucher and another a duet by Misses Ella Ransom and Isabelle Retz. The subject of the debate was "Resolved, that no restriction should be placed upon the immigration of the Japanese." The affirmative side of the question was taken by Cornelius Apple and Olive Woodcock and the negative by Georgia Dodson and Lillian Wood.

About sixty-five friends of H. E. Cook and his wife were entertained at their home last night. The granary was turned into a dancing parlor and the enjoyment of those present was keen. The dance continued until 2:30 o'clock this morning. Norman Cook was floor manager.

H. Parr, charged with grand larceny, was held to answer by the justice at Fresno flats.

J. R. Warner, C. J. Eubanks, C. H. Toby and J. C. Straube are back from a hunt near Firebaugh.

George Jones and his two nephews, Paul and Cody Marston, are in San Jose.

M. E. E. Briscoe left for Fresno this morning to visit her husband, who is in the Burnett sanitarium. He was operated upon for appendicitis.

Miss Alice Stockton of Fresno is visiting her relatives here.

Mrs. R. Barton has gone to Fresno to visit Mrs. A. L. Sayre.

John M. Griffin of Selma was in town yesterday.

Novelty and Grand Promise Theater
Goes a Treat for Coming Week.

The performances of this afternoon and tonight close the present week's bills at the Grand and New Novelty theaters. Tomorrow night begin the new bills, and the patrons of both play houses are assured vaudeville of the highest class.

At the New Novelty the feature will be the new comedy, "The Troupe of Jugglers, Pantomimes and Leopards." These are the most treacherous and untamable of all wild animals, and Senor Arnoldo by the sheer power of his will and his eye forces the captive brutes to do his bidding. Some of the feats are of such a thrilling nature as to make the spectators gasp for breath.

Another of the features will be Joe Eppinger, son of the famous San Francisco grain merchant. Eppinger has for years been one of the favorite society tenors of the Bay city, and only since the reverses of fortune suffered by his family has he become a professional singer.

Hallon & Hays and dance skit and the Hamilton Brothers do some marvelous barrel jumping. George Keene will have a new song and some interesting views are promised in the moving pictures.

At the popular Grand theater there is also a feature act that promises to please the public immensely. This is Wallace's Pickaninies, a troupe of four little "coonlets" who entertain with plantation melodies and fun of the sort that only genuine darlings can make.

Abbott and Bryant put on a high class opera act entitled "Two Japs from Tokyo." Whenever this has been presented it has made a big hit and has been favorably commended by the press.

The Arabian gun spinner, La Cheriff, is also on the bill. His exhibition is a wonderful one, a novelty act of the sort that requires many years of constant practice to achieve. Lottie West Symonds, comedienne, will tell stories of a humorous nature. Frederick Roberts will have another picture melody. He has sung himself into popularity already and his appearance is greeted with applause every night. As usual the pictures will close the show, and they promise to be interesting as ever.

To Our Customers—The Republican business office is open for business from 8 a. m. to 10 p. m. All advertising copy must be sent to the business office. None will be received in the editorial or composition rooms. Telephone Main 97.

FALSE ARREST DAMAGES

A Second Judgment Rendered Against
M. P. Costa.

VISALIA, Oct. 28.—The jury in the case of J. V. Neves against M. P. Costa brought in a verdict this afternoon in favor of the plaintiff in the sum of \$250 and costs, after being out an hour and a half. The action, like its predecessor, M. V. Neves, is another of the present plaintiff, against Costa was for \$1000 damages for false imprisonment at Hanford last spring, the jury in the latter case having brought in a verdict yesterday evening in favor of Neves for \$500 and costs. Harry B. McClure was attorney for plaintiff in both cases and C. G. Lamberson of this city and J. L. C. Irwin of Hanford for defendant.

The football game at Porterville this afternoon between the Visalia and Porterville High school teams resulted in a tie, neither side scoring.

Mr. and Mrs. R. C. Merryman of Marinette, Wisconsin, passed through this morning en route to their orange ranch at Bonnie Brae, near Exeter. They were accompanied by Mr. and Mrs. O. C. Hathaway of Green Bay, same state, who will visit their son at Porterville.

Mr. and Mrs. J. E. Hayden, who have been the guests for several weeks of Mr. and Mrs. A. E. Jones, left yesterday evening for Bakersfield, en route to their home at Memphis, Tennessee.

Miss Anna Anderson returned yesterday evening from San Francisco, where she had been attending the Normal school. She will remain in Visalia until after the holidays.

L. Chambers left last night for San Francisco on a business trip.

A. J. J. Harris left this afternoon for his home at Palo Alto, after looking after his extensive business interests in this section for several days.

Mrs. O. E. Givens and Miss Birdie Givens left this afternoon for Fresno to remain over Sunday.

Mrs. E. L. Anderson and Miss Mary Osborn arrived this morning from Los Angeles and are the guests of County Surveyor and Mrs. Seth Smith.

Mrs. W. P. Bogge of Riverside arrived this morning and is the guest of her sister, Mrs. E. H. Marshall, and Mr. Marshall.

W. J. Harris of Fresno banqueting his fellow members of the T. M. M. T. club in this city tonight. Mr. Harris set up the spread because under the rules of the club he, having been elected to get married within a year, failed to carry out his part of the contract.

Mrs. Lizzie Miller has disposed of block 4 in Lindsay's addition to Visalia, located east of the Griffin-Skelley packing house, to her brother, E. O. Miller.

Mrs. Della Withall has purchased a part of block 5 in Mathews' addition, between Bridge and East streets, and will erect a residence there.

Mrs. Harry Chamberlain is here from San Francisco and is visiting her parents, Mr. and Mrs. John Simpson. Mrs. Chamberlain has just recovered from typhoid fever.

HANFORD BUDGET
Japanese Witnesses Fall Down in Chinese Fan-Tan Case.

HANFORD, Oct. 28.—The trial of Ah Sing, Chinese fan-tan player, came to an abrupt ending in Justice Randall's court. District Attorney Jacobs moved for a dismissal of the case, on the ground of insufficiency of evidence. This action of Attorney Jacobs was taken for the reason that the Japanese witnesses for the people, "fell down," claiming that they knew nothing about the case, although before the trial they had given the district attorney damaging testimony against the defendant.

About forty excursionists from Fresno attended the Seventh Day Adventist camp-meeting in this city today, and many of them will remain until the closing services tomorrow.

M. D. Bray has begun suit in the Superior court for the collection of a promissory note of \$3000 which it is alleged the defendant, D. S. O'Connell, owes to the Bank of British Columbia since January 30, 1899. The note has since been assigned to the plaintiff, who asks for a judgment of \$3000, the face of the note, together with \$1338.75 as accrued interest.

Thomas L. Morgan and Miss Mary Bass were united in marriage in Hanford this afternoon, Justice George L. Meadows officiating.

The members of St. Agnes Guild are busy rehearsing a play that is to be given by them in the Hanford Opera House, November 10th.

At a parish meeting held in the Episcopal church last evening the question of moving the church building from its present site to the north of the Southern Pacific tracks, was the subject of much discussion. The vote was a tie, but the presiding officer settled the question by voting against moving the edifice.

PRACTICALLY DECIDED
TO GO TO BERKELEY
County Board Thinks Teachers May be Compelled to Attend.

It has been practically concluded by the county Board of Education to substitute the state teachers' convention for the regular county institute. A meeting of the board was held yesterday and the matter was thoroughly discussed. Two-thirds of the teachers of the city are in favor of going to Berkeley to the convention and three-fourths of the county teachers are of like mind.

There was a question much discussed yesterday. Can the teachers be compelled to attend the state convention if it is given in substitution for the county institute, which the county teachers must attend when it is held? The opinion of the members of the board after looking up the law was that they could be compelled to go to Berkeley.

County Superintendent of Schools Freeman said that probably the best plan would be for the county board to arrange an institute for the first of March. Then those teachers who do not care to go to Berkeley may attend it and comply with the law. The county superintendent was authorized to make arrangements with the railroad for special rates to the convention.

The board recommended that Courtney L. Barham and Miss Lottie G. Walton be granted life diplomas.

Navajo Council, Degree of Pocahontas, will give a dancing and whist party on Monday evening, October 30th, at Knights of Columbus Hall. Admission, 25 cents.

S. B. Lung Tonic. Cures coughs, colds and hoarseness when all other remedies fail. Price, 50c., at Smith Bros' Drug Store.

DOINGS IN UPPER COURTS

Land Owners Seek Damages
Because Lease is Violated.

Menzies Wants \$160 From Ellis, a Bankrupt—Waterman Estate Appraised at \$41,059.99.

John I. Pimental and J. B. Goodman leased a ranch belonging to them and because the lease was not lived up to yesterday a suit for the voiding of the lease and for \$1000 damages was commenced.

J. O. Traber is attorney for the two plaintiffs. The defendants are C. E. White and Frank Rodriguez.

In January of 1904 Pimental and Goodman let their land to Jose and Enidje Souza. One of the provisions of the lease was that the land should be gradually fitted up for alfalfa planting. Moreover it was not to be turned into pasture. The Souzas sublet the ranch. White and Rodriguez, it is claimed, have been pasturing horses and sheep on it. The land has not been prepared for alfalfa.

Suit on a mechanics lien was commenced yesterday by Thomas Menzies against F. M. Graham as trustee of R. V. Ellis, a bankrupt, R. H. Herron, M. L. Wey and others. Menzies claims to have done \$160 worth of work on Ellis' barn. No part of the bill has been paid. Charles A. Ruggles is Menzies' attorney.

An answer has been filed by Charles G. and Frank Lamberson for the Lake Land Canal & Irrigation Co. to the complaint of the Stenson Canal & Irrigation Co. claiming rights to water used by the Lake Land Co. and the Lower Kings River Water Ditch Co. The answer denies the claims of the plaintiff and sets up a prior right.

Probate Matters.
The estate of F. G. Waterman has been appraised at \$41,059.99 by J. Hobbs, Thomas Thompson and J. J. Miley. The estate consists largely of property on the Easterby ranch. Lots 36, 37, 23 and 24 belong to the estate. The personal property is worth about \$4300. This appraisal applies only to Fresno county, the deceased having other valuable property in Iowa.

Pamela A. Moffet's estate has been appraised at \$700. It consists of lots 24 to 27, block 41, and lots 27 and 28, block 42 of this city. D. A. Cashin, B. J. Metzler and L. B. Hayhurst are appraisers.

Wallace E. Louchs has petitioned for letters of administration on the estate of Phineas Louchs, who died on April 1, 1898. The estate contains a \$4000 ranch. Some of the heirs live in this county and some in Watsonville. J. A. Burns is attorney for the petitioner.

C. M. Howers as the nominee of James W. Arthur, yesterday applied for letters of administration on the estate of Bessie Arthur, wife of James W. Arthur. The estate consists of a fifty acre ranch worth \$5,500 and a few hundred dollars worth of personal property. E. T. Cosper of Hanford is attorney for the petitioner. Bessie Arthur died on September 1st.

By order of Wm. Archie of the gold fields I will sell 1 car of stage horses, 1 car of city brood mares and horse and 12 head of mules; also all the camp wagons and horses of Wm. Downing of the merry-go-round. This will be a fine chance to get good cheap plow, work and driving stock. Do not miss this sale, as every thing must be sold regardless of price. Sale, Saturday, November 4, 11 a. m., at Huff's Stable, corner of H and Fresno streets, from Wm. Clough, manager.

From Seed to Pantry.
The seed wheat is sown by machinery. The ripened grain, in the most favored wheat belts, is cut, threshed and sacked by machinery, after which it is shipped to the Globe Mills, to be made into "A 1" Flour. From the seed wheat that is sown to the finished product delivered by your grocer no human hand has touched "A 1" Flour. Ask your grocer about it.

Notice to Irrigators.
To all who are interested in the Trace irrigating ditch running through sections 23 and 24, township 13 south, range 19 east, and other lands, you are hereby requested to be present at McKinley school house on Saturday, Nov. 4th, at 7:30 p. m., to consider arrangements to repair said ditch.

Notice.
The Women of Woodcraft will give a dancing party on next Thursday evening, November 2d, at Einstein hall. Music by Reitz and Meyers. (Gents, 50 cents.)

Beautiful Complexions.
Are made with S. B. Almond Paste. It makes the skin soft, transparent and beautiful. Price, 50c. Only at Smith Bros' Drug Store.

TALK NO. 88
Changing Glasses

Reading and sewing glasses ought to be changed at least once in two years. Every eighteen months is the rule. Young people are usually able to wear their glasses longer, but their eyes should be regularly looked after.

Every person should have their eyes examined once a year, probably it will not be necessary to make any changes, but it is safer to know the exact condition, then the first indication of trouble can be checked before it goes too far.

We shall be pleased to do this for you regularly. If your glasses need changing we will tell you so, and if they do not we will tell you so just as quickly.

We make no charge except for the glasses when needed.

FRESNO OPTICAL CO.
2036 Mariposa Street.

J. M. CRAWFORD, Pres. and Mgr.
We will adjust your glasses without charge, whether purchased of us or not.

CHESTER H. ROWELL, Editor and Manager

CONTROL OR OWNERSHIP?

Every effort to extend the scope of government control over privately-owned business is met by the managers of that business with the epithet "Socialism." In the boiling inter-state commerce convention at Chicago last week, D. M. Barry raised the cry of "Socialism" against the Roosevelt program of government control of railway rates. Beer and his associates in the divine ownership of the Pennsylvania coal fields raise the same cry of "Socialism" against every new effort to regulate their business by law. The insurance magnates are just now not in a position to raise any cry against anything, but by the time the inevitable remedy for present evils is proposed they will have caught their breath, and they too will be denouncing as "Socialistic" any adequate governmental control of their essentially Socialistic business.

All these various varieties of magnates ought by this time to have begun to perceive that the present demands for the extension of government control, far from being a step toward socialism, are precisely the only means of preventing such a step. The present situation is intolerable, and the people are going to do something about it. Wisely or foolishly, prudently or recklessly, the people are going to put an end to the abuses of private control of public necessities. If the political powers of government, exercised through law, prove inadequate, the Socialistic powers of government, exercised through ownership, are going to be tried. The people would rather exercise the requisite control politically than Socialistically, but they are going to exercise it, and if the private monopolists show themselves able to resist political control, through law, the people will impose Socialistic control on them, through public ownership. By gentle means or hard, according to the thickness of their skulls, the reactionary defenders of private absolutism in public transportation are going to find this out, and no alleged or even actual injustice of the demand is going to stop it. It is hopeless to meet by argument a movement that rests on popular determination. All that the guardians of vested interest can do is to turn the tide away from Socialistic control by ceasing to obstruct it against political control. And this they ought to do, not in their own interest, merely, but in the interest of our institutions.

There is nothing Socialistic in the extension of the scope of government, so long as it is extended by law and not by ownership. In fact, government must extend its scope to meet the complex problems of modern life, or else give way, as a failure, to something that will. The very preservation of government, as a political institution, depends on this extension. And even if Socialistic extensions are made into the field of public ownership, it does not mean that the Socialistic commonwealth is at hand. There is small risk of that, and no likelihood that it could last, even if tried. But there is need to preserve the distinction between the legal authority of government, as a political institution, and its business transactions, as a Socialistic institution, and to meet every problem possible by law and as few as possible by ownership.

A BUDGET COMMITTEE.

The New York Journal of Commerce suggests the need of a budget committee in congress. Expenditures are getting greater than revenues, there is much risk in imposing additional taxes, and intelligent economy is impossible unless that economy is somebody's business. Under a system which gives the responsibility of raising revenue to one committee and divides the responsibility of spending it among half a dozen independent committees, there is no one even to consider, much less to solve, the problem in its wholeness. Every other government in the world, and every private business, has some one man or body whose business it is to consider revenues and expenses in their relations. Our nation is the only institution in the world rich enough to survive without this precaution. And we survive it only at the cost of enormous waste.

This suggestion has often been made by publicists outside of congress, but never, so far as we know, in congress. Its necessity is perfectly obvious. Under the present system, with the best of will, economy is a physical and mental impossibility. The Ways and Means committee provides for raising revenue without reference to the demands to be made on that revenue. It does not even know what those demands are, and is not consulted in regard to them. Eight or nine unrelated committees prepare the bills for spending that revenue. None of these committees knows what the revenue is to be, nor how much of it the other committees are going to spend. Each is engaged in grabbing all it can for its particular department, just as each private member is engaged in grabbing all he can for his particular district. A member who would hesitate to get a hundred thousand dollars for his district, at the expense of a hundred million from the rest of the country, would be retired from congress in disgrace by his constituents. While the people favor economy, as an abstract generalization, they will not tolerate it as a concrete proposal, and nothing but some centralized body, accountable to the whole nation rather than to a particular district, can force it on them.

But obvious and necessary as the re-

form is, it is extremely doubtful if the consent of congress could be obtained to its adoption. A budget committee would of necessity be more important and powerful than all the other committees in congress combined. Only a few members could get on that committee, and all the rest would constitute a more or less insignificant mass. Even at the head of the single appropriations committee, Samuel J. Randall mastered the House, and it was to escape from his rule that the appropriations were scattered. At the head of a joint revenue and expenditure committee, a strong man could dictate all legislation. Naturally the majority of the members would chafe at such concentration of power. Besides, it is almost impossible to abolish any position or power, once established, in congress. Some ten years ago, in the Fifty-fourth congress, on account of an immense docket of election cases, three elections committees were appointed. This made two new chairmanships. The need of the three committees disappeared in the next congress, and has never returned, but the three committees still exist, to the utter destruction of the former rank and dignity of this first committee in congress and to the utter demoralization of its work. To go back to the old system would deprive two men of chairmanships in which they have a sort of vested right, and no speaker has ever been able to resist the pressure. If so small a reform as this is impossible, what human courage could dare propose to the chairman of all the important committees in congress that they abdicate their most important prerogative and confer it on a central committee which would ride rough-shod over them and veto their every scheme to "look out for" their particular districts or interests?

We may as well confess that congress as now organized is incapable of economy, and that it is also incapable of reorganizing itself to cure this incapacity. If there should be a congressional election held on the direct issue of economy, and the economy party should win by unanimous vote, even that congress would still be extravagant. The cure for it is perfectly obvious, simple and easy. But it can not be applied, except by congress, and congress is precisely the only body in existence incapable of applying it.

On his return from a hunting trip a few years ago, during which he had got nothing bigger than bears and lions, President Roosevelt heard that Emperor William had been out fishing and caught a whale. He requested Ambassador White to "tell the emperor that I envy him that whale." It is now in order for Emperor William to instruct his ambassador at Washington to "tell the president that I envy him that shipwreck."

Owing to the sudden shutting off of the electric power at one o'clock this morning, the Republican's mechanical department was hampered, and some delay in the printing and delivery of the paper is to be expected.

HATCHET
MEN HELD
San Jose Suey S. W. Louie
Mong Killed.
Wong Dock and Yee Foo Must
Await Trial in Superior
Court.

The two Chinese, Yee Foo and Wong Dock, were yesterday held to answer on the charge of murdering Louie Mong in the Fresno Chinatown on the evening of October 3rd.

The star witness was Louie Suey, who swore he was in the room, No. 5 at 921 G street, when Mong was shot down in cold blood, and for the first time told his story to a white man, when put on the stand yesterday.

The convincing evidence to an American mind is the story of Officer Akers. He was put on the stand in the afternoon for further cross-examination by Attorney Tupper, and positively identified Yee Foo as the man he caught running through China alley just before 11 o'clock on the night of October 3rd.

Louie Suey's story.

The defense openly charges that the See Yee society of highbinders has cooked up a story by which it hopes to convict Yee Foo and Wong Dock. The accused men belong to the Bing On Tong society, which has headquarters at Sacramento, while Louie Mong belonged to the Hop Sing, which are allied with the See Yee, with headquarters at San Jose. The two Chinese witnesses for the prosecution, Louie Mong and Louie Suey, are from San Jose, and were utter strangers in Fresno at the time of the murder.

Suey said that he had come to Fresno three days before the time of the murder with a view of finding a job, and it was suggested to him that Louie Mong might get him one. He did not know Mong, nor his nephew, Hong, at San Jose. He went up to Mong's room after 10 o'clock. He pulled the door to after him, and talked to Mong, who was seated on the bed, smoking. Then five men came into the room, all with pistols, he thought. Wong Duck fired at Mong's breast, then Yee Foo fired; then four or five more shots were fired, he was not sure by whom.

On further cross-examination, Attorney Tupper got him to say that the third shot was fired by Lee Fong, another of the men named in the complaint. He absolutely failed to name any more. He said that a man that

he did not know came in first, and aimed a pistol at him, and told him to keep quiet. When the shooting stopped, the men left the room, and Suey himself escaped, returning to his lodging house further up G street. He there told one man, Lee Gow, that he had seen the murder, but no one else, and returned that same night to San Jose.

Suey said that Charlie Jew had heard that he had seen the murder and told him that he would be wanted as a witness.

The attorneys for the defense spent the most of the day in cross-examination, but did not divert the witness from the narrow line of his testimony. True or false, he stuck to it, and his lack of knowledge about the town and general Chinese "no savvy" prevented a very searching inquiry.

Fishing Expeditions.

The defense had brought down several witnesses from San Francisco. Day before yesterday Assistant District Attorney Kauke put on two of the Chinese witnesses, and yesterday he called James Downey and another white man, both watchmen in the San Francisco Chinatown. Of course all the information that was elicited was their names and addresses, and that they did not know Wong Duck. The idea was that they had been brought here by the defense to prove an alibi for Yee Foo.

When Downey was put on the stand, Attorney Prince objected to fishing expeditions. The witness was sworn, and told his name and address, and business.

Scene of Murder.

Adjournment was then taken, to permit of the justice and attorneys going over the scene of the murder. On return to the courtroom, the prisoners were recommitted to the sheriff without bail, awaiting trial.

GRAND CENTRAL HOTEL ADDITION
Building Permit Issued and Work to Commence December 1st.

A permit was granted yesterday by the city engineer and the superintendent of work upon the proposed five-story addition to the Grand Central hotel property by Fulton G. Berry, details of which were first published about a year ago.

Mr. Berry is now in San Francisco, but is expected home tomorrow or the next day. He has arranged for the financing of the new property, and actual work in construction will commence shortly after December 1st. The present tenants of the small buildings on the grounds have until that date to move.

The new building will be a very handsome addition to J street. The four floors will contain eighty rooms, twenty to the floor, fitted with telephones, baths and all the latest conveniences for a tourist house. The ground floor, fifty-foot frontage, will be leased as a store room. The hotel lobby will occupy the part now taken by Alexander's office and the grill room, while the old lobby will be fitted up by Louis Scholler as an up-to-date cafe.

Death of Mrs. St. Louis.

Mrs. G. C. St. Louis, wife of George C. St. Louis, formerly a deputy county clerk, died yesterday at the age of 88 years. She was a native of Ireland, had lived in California 40 years, and in Fresno eighteen years. The deceased leaves besides her husband, six children: Mrs. Mary Elwood Sanger, Henry St. Louis and Charles St. Louis of Bakersfield, John St. Louis of San Francisco, George St. Louis and Mrs. George Todhunter of Fresno.

By order of Wm. Archie of the gold fields I will sell 1 car of stage horses, 1 car of city brood mares and horse and 12 head of mules; also all the camp wagons and horses of Wm. Downing of the merry-go-round. This will be a fine chance to get good cheap plow, work and driving stock. Do not miss this sale, as every thing must be sold regardless of price. Sale, Saturday, November 4, 11 a. m., at Huff's Stable, corner of E and Fresno streets, from Wm. Clough, manager.

A RICH DISPLAY OF CUT GLASS

The foremost makers of cut glass in America are represented in the beautiful "Hawkes" cut glass that we are showing, and for which we are sole agents in Fresno.

Those who have wedding presents to select, should see this display. No bride could ask for a finer gift than any one of the pieces shown.

Gold Frames

Judging from the number of persons who buy "gold" frames that turn out to be brass, a word here about our gold frames will prove a good ad. for us.

Our gold frames are exactly as stamped. A 14k. gold frame is 14k. They are made to be as strong as possible and yet flexible enough to be comfortable.

The prices are as low as inferior frames sell for. In the long run it will pay you to use our gold frames.

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases. Especially good in bronchitis, pleurisy, consumption. Ask your doctor all about this. We have no secret. We publish the formula of all our medicines.
J. C. Ayer & Co., Lowell, Mass.

THE WASTE BASKET

Necessary Note.—The contents of the office waste basket below are selected there from by The Janitor, who describes himself as not a writer but a person of keen literary discernment. One who can say "any way" responsible for what is printed here.

People who are too lazy to do anything useful call it lack of opportunity.

Visalia is not a quiet town. There has never been a quiet town since cats and pianos were domesticated.

The school of experience is evidently not the one in which raisin combines learn things.

It's a foolish man who puts his money in his wife's clothes and complains because the dividends are not large.

By all means, Willie, your parents should send you to college. An accomplished fool is far superior to an ordinary blockhead.

Fresno Language.

Editor of the Republican:

Dear Sir:—I am trying to determine the extent of deviations in the speech-usage of this country and am in need of information from your town. I know of no one to whom I could apply with more likelihood of receiving attention and I shall much appreciate your assistance. The sooner I get the information, the better.

Very sincerely yours,
GEORGE HEMPL.

Ann Arbor University, Oct. 20th.

[The list of questions accompanying this request were found in the office waste basket, where they were put by the editor for the evident purpose of side-stepping his duty and leaving hereabouts, and other things which would be classified by learned persons as "interesting" if not "important." For this reason I have taken it upon myself as a citizen who has the reputation of the community at heart, to answer the questions to the best of my ability and in such manner as will reflect the credit deserved upon a people justly celebrated for its (or their) wealth of accomplishments.—Jan.]

1. When do natives of the place begin to say "good evening"?

In the best society, mostly after sunset. The exceptions are the people of Southern birth, who begin immediately after noon to say good evening. Judge Harris, who was born in Tennessee, has made money in oil and wears a dress suit on occasions, says good evening from noon until sunrise the following day.

2. Do they speak of the forenoon? Of the afternoon?

Neither is much spoken of in Fresno. Forenoon is always morning. It is sometimes afternoon and occasionally evening, but is not so often spoken of as morning. The common salutation between men is "Hello!" Between women is "how-do?" with the accent on the "how." With the women "how-do?" on the street they nearly always stop and talk and laugh until the men look at them and wonder what on earth can be so funny. Late in the afternoon the common greeting between men is "will you have one with me?" and the invariable response is "don't care if I do." This form of salutation is not used by our ministers of the gospel nor by General Muller or Judge Crichton, distinguished representatives of the military and the judiciary.

3. Do they say good night on meeting? On parting?

They do not say good night on meeting. They do say good night on parting. Indeed I am told that some of the more advanced high school girls of Fresno spend so much of their time saying good night on parting that the faculty has the subject under consideration with a view to ringing a good night curfew bell.

4. Do they say good afternoon at meeting? At parting?

This form of salutation is confined to the members of women's clubs. Its use is considered an evidence of culture and intellectual superiority of Bakersfield, John St. Louis of San Francisco, George St. Louis and Mrs. George Todhunter of Fresno.

5. Do they say early in the day or soon in the day?

There was once a man in Fresno who said soon in the day, but nobody ever found out where he came from. He is supposed to be deceased.

6. Do they call the leaves around an ear of Indian corn husks, shucks, or corn-rasps? Do they call the spike on which the kernels grow a corn-cob or a corn-husk?

The celebrated California shuckless and cobless corn only is raised in Fresno, and the only husks which people speak of are those which grow on the tamale, a fruit of Mexican origin which is very popular in this section. The idea of producing a shuckless tamale by crossing a husk which has collected corn and again with the chili pepper has been suggested to Luther Burbank, the wizard, and people here are looking anxiously for the time when they can devour famales without spitting out the shucks.

7. Do they use the word pone, and if so what does it mean?

Members of the Southern colony refer affectionately to their cornbread as a pone, and Doctor W. T. Maupin, of Missouri, asserts that his wife's cornbread is the best made in Fresno. This is disputed by gentlemen from Tennessee and Alabama who claim the distinction for their wives. People from the north do not know what a pone is. In fact they are ignorant of the joys of cornbread.

8. Do they say get a pail of water or get a bucket of water?

They sometimes say get a pail of water, but more often say get a bucket of beer. This distinction for the sake of euphony is to my mind conclusive evidence that the community is permeated by culture.

9. Do they say fry in the pan, fry in the spider, or fry in the skillet?

The frying pan is the only thing spoken of in California except by a few tenderfeet whose linguistic vagaries do not count. All real Californians in this locality, of either sex, can cook anything in a frying pan, to their own satisfaction, from slajacks to angel cake.

10. When speaking of swine do they say hog or haw?

Everybody in Fresno except the school teachers, five members of the Wednesday Club and Mayor Lyon says hog—plain hog, with a long o. The mayor is with the minority in this instance because he believes in reforming language as well as other things. He also believes in calling the hind leg of a hog the hahm.

11. What word or sound is used in calling cows from the pasture?

This is a very hard question to answer. In Fresno cows are usually driven from the pasture by boys of from 14 to 79 years old, who, seated upon the hurricane deck of a fleet-footed broncho, use words and sounds that are considered unprintable in the columns of a family newspaper. Even an expurgated list would be a very long one. However, way back in the rural districts may occasionally be heard as the shadows lengthen in the softening light

TWELFTH OF THE BIG FALL FESTIVAL SPECIALS

Thirty Nine Cent Sale for Monday Morning

At thirty-nine minutes past nine we start the Red Package Sale. Thirty-nine good big bargains to the first 39 people calling at the Bargain Square. It's a bargain picnic. Those who attended the former sales can testify to its pleasing bargain surprises. Nothing in the sale that we won't buy back if you're not satisfied.

GOOD MORNING

These are busy times at the Big Store. The big fall business has settled down to a certainty. The store grows from year to year; better today than yesterday; better tomorrow and each succeeding day—and the reason isn't hard to find because this is a steady store, a store that has one policy—to sell good, clean, reputable merchandise at a fair margin of profit, never charging more for an article than its real worth, never resorting to "tricks of the trade" to win your patronage, never violating a confidence. That's why people recognize this as the Old Homestead store, a place where a child can trade as well as the most experienced shopper, where everyone gets "a square deal," and where we consider it a favor when you point out the deficiencies in our store and service.

Fresh Supply of New Tailored Suits for Women

The first to make its appearance is a beautiful broadcloth cotton suit at \$20.00. It's a very pretty style, well suited to young girls and small women. We've seen suits from other stores priced at \$25.00 not one bit as well tailored or as good value as this \$20.00 line; green, wine, blue shades.

Half a dozen new broadcloth long coat suits are here as well in the new shades of broadcloth; these are **\$19.50**

Then there are some very handsome Bolero effects with long coats. The material is a fine Panne finish broadcloth, the jacket is like a Bolero with a little white vest prettily trimmed. Then this is skirted with a long graceful flowing frock, a very handsome circular skirt. These are by far the most stylish effects in Fresno.

NEW LINGERIE BLOUSES
Can't Tell You of Old Ones, They Don't Stay Here Long Enough.

In one day and out the next; fresh and pretty as a picture. They are made of fine sheer materials, trimmed with lace insertions, the front panel is hand embroidered, done in French contents; the sleeve is short and has the new Dutch puff; interested at **\$5.00**

Long Suede Gloves

Long kid and silk gloves are in to stay; the short sleeve rogue has brought about a large demand for long gloves. We're plentifully supplied; saw the trend of events months ago and stocked heavily. There are Glace, 16-button length gloves, in black and white and colors; long Suede gloves, in black and white; long silk gloves, in colors.

Interesting Domestic News for Monday Morning Shoppers

\$1.75 ECRU NOTTINGHAM CURTAINS, \$1.38

Full 3 yards long and 40 inches wide, set dainty floral center set off with heavy finish net border, an excellent curtain, Monday **\$1.38**

REM. TO GO EAST.

Mrs. F. G. Waterman, mother of Mrs. George Monroe of this city, and wife of F. G. Waterman of Eastern, who died a short time ago, has sent instructions from her new home in Valisea, Iowa, for the disinterment of her late husband's remains. The body was buried in mountain view cemetery, but the widow has now decided that the remains should rest at the old home in Iowa. The shipment will occur this week.

BORN.

JENSEN.—In Fairview district, on October 27, 1905, to the wife of Neil Jensen, twin daughters.

WILLIAMS.—In Fresno, October 28, 1905, to the wife of Fred P. Williams, a son.

Visit the Baking School. It's interesting and instructive. Taste the cakes.

FALL SHIRT WAISTS

Our waist section is brim full and overflowing with newness. We show you over one hundred new and individual styles for fall and winter wearing. Every color and every new material is represented in the showing. For Monday we call your special attention to the following special values:

At **\$3.00**—New waist of all-wool albatross, comes in seven different colors, including black, neat tuck yoke with silk braid front.

At **\$3.00**—Fall waist of neat blue check material, with woven dots, tailor pleat front and back, white embroidered collar.

At **\$4.00**—Fall waists of fancy mercerized materials, silk finish, with woven figures and pink checks, tailor pleat front, back and cuffs.

At **\$1.50**—Winter waists of dark check material in blue, green and red combination colors, pleat front and back and new sleeve.

At **\$1.75**—New waists of black and white, shepherd check material, front and back box plaits and stock collar, very stylish for street wear.

At **\$2.75**—Mercerized Pongette waists, in green, cream and blue, fine tucked yoke, cuffs and back, with self collar and tie.

Need Shoes? Buy Here. Best Quality. Perfect Fit.

Tourist Coats

\$12.00 to \$13.50

Values

\$9.95

Monday morning, we place on special sale 12 tourist coats, 40 to 50 inches long, of pretty mixed worsted, in various shades, some box, some belted and others with semi-fitted backs; all are new, this season's coats, and worth from \$12 to \$13.50, Monday your choice **\$9.95**

Fall Suits

\$28 to \$35 Values

\$25.00

We have selected for Monday's selling thirty of our \$27.50, \$30 and \$35 suits, to go on sale at **\$25.00**. They are in Eton, Bolers, single and double breasted coat styles, both short and long effects. The materials are plain and mixed weaves of all the late goods in black, green, blue, red, blum, grey and tan, most as many styles as suits, all sizes, 32 to 42.

WE HAVE THE SNAPPIEST STYLE SHOES IN THE CITY

W. B. Erect and Nuform Corsets

Here are some new numbers that add to our already large stock of numbers and insure you a perfect fit.

Erect Form No. 973—Fits the medium figures best, full gored and bias cut, medium bust and hips not dipped. The material is sterling jean, in white and drab, trimmed at top with lace and baby ribbon. Price **\$1.00**

Erect Form No. 990—This corset is low bust and has a short box hip. It is made of sterling jean, in white only, trimmed at top and bottom with lace and baby ribbon, has hose supporter at front and hips. Price **\$1.00**

Erect Form No. 991—A medium bust, deep hip model, for figures of average development. It is made of drab sterling jean, top is trimmed with wide lace and ribbon, has hose supporter at front and hips. Price **\$1.50**

Nuform No. 403—This corset is built better than any other popular priced number on the market. It is splendidly proportioned and can be fitted with perfect satisfaction to nine out of ten figures. It's medium long above the waist and the hips are rather deep, trimmed with lace and baby ribbon, drawn through, durable hose supporters are sewed on front and sides, color white. Price **\$1.00**

Nuform No. 411—This model is long both above and below the waist line. The front steel is perfectly straight from top to bottom. This effect, however, takes away any appearance of thickness in the waist. It's trimmed with lace and ribbon and ornamented with white satin bow at top of front steel. Hose supporters are sewed to front and hips, color white. Price **\$2.00**

Nuform No. 420—One of the newer models for the average and well-developed figures. It has the new high bust and nip above the waist and demanded flattening over the hips and abdomen. Material is an excellent quality of coutil, trimmed with lace and ribbon, color white. Price **\$2.50**

Nuform No. 425—A very smart but unusually comfortable corset for figures developed a bit beyond the average, fairly long above the waist but not extremely so. This corset will properly adjust undue stoutness, trimmed with laces and ribbon, color white. Price **\$1.50**

Erect Form No. 719—It is a semi-slender model, for women who are really slight in figure but have too well developed hips to wear a corset short below the waist line. It's made of white and drab coutil with lace and ribbon trimmings along top, hose supporters on front and hips. Price **\$1.00**

FOR GOOD VALUES IN SHOES TRY OUR NEW SHOE DEPARTMENT

A Public Demonstration Every Day

If you haven't attended the Baking school, you don't know what Mr. Battenhouse, the expert cake baker, is capable of doing with the new A1 flour. He makes the ladies hold up their hands in holy horror when he takes a cake from the oven, rudely shakes it, puts it back in the oven and it's just as good as ever. His cakes never fall and he explains to you how to do it. The cakes he bakes are the finest kinds. Orders Taken for them.

JUDGE BRIGGS TO BRING SUIT FOR HIS SALARY.

The attorneys for the city and county respectively have come to the rescue of Police Judge Briggs by arranging for a friendly suit to determine who is to pay the judge's salary. A solution was arrived at yesterday by which the legal gentlemen agreed that a friendly suit should be brought to clear up the whole matter as quickly as possible, and allow the judge some chance at a bank account. An agreed state of facts was drawn up, which will be contested by neither the city nor the county. Alva E. Snow, as attorney for Briggs, will bring suit against the city for the salary. District Attorney Jones will intervene on behalf of the

ARRESTED FOR ASSAULT.

Tony Ranzano, a boy about 18 years of age, whose parents were away from home, swore to a complaint yesterday afternoon charging one Francisco Salazar with attempted assault upon his 5-year-old sister, Martina Salazar. The man was partially intoxicated and went into the house while the boy was away. He was summoned home by a neighbor, who saw the man enter the place, and found him there with the child. He is now in jail. W. J. Nicholson and wife of Oakland are visiting Rev. A. B. Smith.

Our F.-G. Range For \$25

Is just about the best stove
you can buy anywhere. Judg-
ing from appearance, you
would think it cost more.

It's substantially built of
good solid iron, throws out
the proper amount of heat, but at
the same time saves fuel and
bakes perfectly.

There's more stove comfort
and satisfaction in this range
than you can find in any other.

FROM NEIGHBORING TOWNS ... AND COMMUNITIES ...

FOWLER.

The greatest human curiosity to ap-
pear in Fowler since the departure of
Mrs. W. T. Kimball, the lady weighing
a quarter of a ton, who made her home
here for a few months last spring, is the
midnight daughter of Mr. and Mrs. Eugene
Fowler. Little Miss Fowler was born
here two weeks ago and weighed at the
time of her birth a scanty three pounds.
She measured twelve inches in length
and her head was so small that it would
easily have been fitted into a tea cup.
Her wrists were about the size of a
carpenter's lead pencil and her feet
pieces just covered the palm of her hand
on which the first fingers were no larger
than half tooth picks.

She was hearty and strong, however,
and gave evidence of an excellent pair
of lungs. She had a good appetite and
slept well and hence began at once to
grow, and after an existence of two
weeks in this world she has gained one
pound in weight.

Mr. and Mrs. Eugene Fowler, accom-
panied by the former's parents, Mr. and
Mrs. P. Fowler, had driven from Ash-
land, Oregon, and arrived here only a
few days before the baby's birth.

Upon their arrival they were unable
to rent a house and were obliged to
take up quarters in a cook house which
they have fitted up very comfortably,
and daily scores of people from all parts
of the neighborhood visit them to get a
peep at the tiny piece of humanity which
is almost continually on exhibition.

The social season was formally open-
ed last night by a grand ball given by
the Fraternal Brotherhood at the Fowler
hall.

The hall was brilliantly illuminated
and prettily decorated, which seemed to
add to the cheer and gaiety of the sixty
couples or more of light hearted dancers
who tripped the merry hours away in a
most pleasant and enjoyable manner.

At 9 o'clock there were many pres-
ent as could conveniently move about
upon the floor at once and as the first
strains of music resounded through the
hall the grand march, led by Mr. and
Mrs. Dorman, was begun and from that
time until the dance was finished at
1:30 o'clock the merry whirl continued.

The affair was strictly invitational
and the crowd was jolly and refined.

Friday, October 20th, at the home of
Miss Felicia Harding a party of sur-
prises gathered to spend the evening.
Games and music furnished amusement
for those present until midnight when
a dainty luncheon was spread. There
were many things to tempt the palate
and on departure all declared they had
most heartily enjoyed every moment.

Those present were: Misses Winnie and
Bessie Brown, Gertrude Christensen,
Katie Darling, Nellie Christensen, Eva
Darling, Edith Sherwood, Grace Brandon,
Nellie Mason, Blanche Brandon, Grace
Mason, Ruby Harding, Lillian Blaney,
Vera Harding, Blanche Maxwell, and
Chas. Lukens and Robert Boyd, William
Boyd, Clyde Remick, Frank Mason,
Paul Magill, Harold Sherwood, Ray
Houtly, Harley Hamilton, Leo Rock-
well and Loyked Harding and Alva
Mason, A. C. Blaney and Mr. and Mrs.
Harding.

Mrs. J. S. Manley was the hostess at
an informal tea last Saturday after-
noon. Only a few intimate friends were
present but a very pleasant afternoon
was spent. Among those present were:
Miss Hadasah Mobley, Miss Edith
Mobley, Miss Grace Blaney and Mrs.
L. C. Darling.

A fire was narrowly averted in the
home of Mr. and Mrs. Foster Wednesday
evening. A lamp on the dining table
was accidentally overturned by one of
the children and at once exploded, cast-
ing flames about the entire room. Leon,
the youngest boy at once seized a blank-
et and soon succeeded in smothering the
flames. The entire family was badly
frightened but no serious damage was
done.

Robert Lowe arrived here yesterday
from Lawrence, Mo. Lowe expects to
make his home here and has accepted a
position from P. W. Hastie.

Tom Burt returned to Fowler Tues-
day after an absence of two years, dur-
ing which he visited his old home in
North Carolina. His visit to his home,
however, was a sad disappointment for
instead of finding his old friends and
acquaintances as he had left them twenty
years ago, he found himself almost a
stranger in a strange land and was even
unable to recognize his own brother who
likewise failed to recognize him.

After visiting with friends for a few
days here, Burt expects to leave for Los
Angeles where he will spend the winter.

One folk of Fresno, who is an ardent
advocate of physical culture, yesterday
left out door exercise took a pleasant
trip to Fowler yesterday afternoon, a
distance of ten miles, and reported upon
his arrival that he had enjoyed the walk
very much.

F. C. Pritchard, station agent on the
Santa Fe at Middle River, San Joaquin
county, accompanied by his youngest
son, Ray, came down Monday evening
and is spending a week with his eldest
son, Jesse D. Pritchard, of this place.

Charles Nelson, R. E. Oliver, Consta-
ble A. E. Mason and Deputy Asa Wil-
kins, went to Visalia Tuesday, having
been subpoenaed as witnesses in the trial
of George Lutz charged with setting fire
to the Hoffman barn in that city a few
weeks ago.

Mr. and Mrs. S. B. Hutchinson, after
a pleasant visit to San Francisco, a trip
down the coast to San Luis Obispo and
thence to Los Angeles, returned home
Sunday evening.

Mr. and Mrs. Andy Brown returned
Wednesday evening from a ten day's
visit to Los Angeles.

Mr. and Mrs. J. C. Jackson left last
Friday for visit to their old home in
Texas. They expect to spend about two
months visiting among relatives and
old time friends.

Miss Maude Carson of Fresno was the
guest of Miss Ada Haultly last Thursday.
After a brief visit among friends here
Fred Root returned to his home at
Wadley, Cal.

W. B. Haultly, upon his return from
Milwaukee, where he was employed dur-
ing the summer, made a brief visit
among his friends here and left last Fri-
day for his former home in Ohio.

Eugene Marston, who has been at Ox-
ford for the last year, returned to Fowler
last week.

Harry Smith, after an absence of two
years, which he has spent in visiting
many towns and cities in other states,
returned to Fowler Friday evening.

Mrs. Ella Hickey, a niece of John H.
Carlisle, arrived here Sunday from Pue-
blo, Colo., and expects to make her home
here with Mr. and Mrs. Carlisle.

M. E. Price and family went to Petal-
uma on Wednesday of last week to
make their home there.

Mrs. Josephine Clark of San Francisco
has been spending a few days with her
parents, Mr. and Mrs. C. K. Kirby of
Sierra Park vineyard.

Mrs. J. McWhorter of Del Rey was

the guest of Mrs. Jesse D. Pritchard
Thursday.

Ernest Stein, who formerly had charge
of the skimming station in this town,
returned Friday evening after a visit
to his old home in the East.

Wilson Griffin and Carl Fullerton re-
turned from their trip to Oregon Sunday
evening. They visited various parts of
Oregon and Washington looking after
some land Griffin owns in the north.
Incidentally they visited the exposition
at Portland.

E. Manley of Fresno is visiting here
for a few days with his son, J. S. Man-
ley.

KINGSBURG.

Mrs. Chas. Eastman went to San Fran-
cisco Saturday on a short visit.
Mrs. Nancy Draper and her daughter,
Mrs. C. Eastman, returned from San
Francisco Sunday evening.

W. W. Ward and wife returned Tues-
day from San Francisco, where they
spent the summer.

W. R. Odom and wife of Fresno were
in town Wednesday visiting old friends.
E. C. Lind of Fresno was in town Wed-
nesday on business that required his
personal attention.

Dr. M. A. Gilreath of Selma paid Wed-
nesday a professional visit Wed-
nesday.

Commencing Nov. 1st, Dusey & Sawrie
will handle the Fresno Republican, A.
B. Loomis, the former agent, having
made arrangements to transfer the ag-
ency to those parties on the date men-
tioned.

Mrs. A. Farley was in Fresno Satur-
day shopping.

Cards are out announcing the ap-
proaching marriage of Raymond Nelson
and Miss Nina Stone, to be solemnized
on Nov. 1st.

Mrs. M. D. Foster, who has been visit-
ing in Fresno, returned home Saturday
evening.

Miss Hazel Rutledge of San Francisco
and Ed Potter of Fresno, are here as
the guests of Mrs. F. A. Draper.

Capt. Purley, Chas. Garrett, J. C.
Ketchum and W. R. Kirby were called
to Visalia Tuesday as witnesses against
a man by the name of Lutz, who is ac-
cused of burning a livery stable at that
place several weeks ago. Lutz was at
one time a resident of this place.

The Y. M. C. A. have reorganized
their basketball team for this season.
There will be three teams this year.
The Apollos, Crescents and Spartans.

An acetylene gas plant has been in-
stalled at the Arlington hotel.

Quite a number of settlers arrived
Monday and Tuesday from Chicago and
Minneapolis.

Ernest Kimberlin, manager of the local
drug store, was in Los Angeles Sat-
urday on business, returning home Mon-
day morning.

A. M. Drew of Fresno was a visitor
here Monday afternoon on business.

Dr. Clark has moved into the Metho-
dist parsonage recently occupied by A.
B. Loomis.

Mr. and Mrs. Eugene A. Curtis gave a
pleasant surprise party at their home
last Tuesday evening in honor of Miss
Selma Snorin, who will soon leave for
McPherson, Kansas, to enter the Walden
college, to take a course in music.

J. P. Clark of San Francisco is a vis-
itor here today on business.

Arthur Farley, Fr. and John Miller
were thrown from a buggy last night at
about 8 o'clock. Beyond a few scratches
and a severe shaking up they escaped un-
injured.

H. M. Detels and W. H. Hurst of
Traver, were in town today on business.

A pleasant surprise party was given
at the home of A. E. Johnson last
evening at which a large crowd of their
friends were present. A good time is re-
ported by all.

Kingsburg, October 26, 1905.

LATON.

T. S. Esrey of Hanford was doing
business in Laton on Wednesday.

Al Braverman of Fresno spent Wed-
nesday in Laton, looking after business.

C. R. Darling of Los Angeles repre-
sented the Pacific Monthly, published in
Portland, Ore., spent Tuesday in Laton.

O. P. Windell of Valley City, Ind.,
arrived with his family last Saturday
and will build a house and make his
home on the land west of Laton pur-
chased last spring.

The social dance given at Turner's hall
last week for the benefit of the Laton
band was well attended and quite a
sum of money realized for the band boys.

O. C. Rutledge of Armona has pur-
chased twenty acres one half mile north
of town and will make his home there
after January 1st.

Burt Drayer started for Los Angeles
on Wednesday night to procure some
ropes for Sanders' automobile.

W. E. G. Saunders returned from his
Eastern trip on Friday morning.

Thos. Allen, the well known farmer
living west of Laton, passed through
town on Thursday on his way to Sanger
after a load of lumber for the new house
he is going to build on his ranch.

R. H. Holscomb is building a new house
on his land lately purchased ten miles
west of town.

C. B. Osborne of Grangeville has
bought thirteen acres of Laguna land
one half mile from Laton and will run
a poultry farm thereon.

Cards are out for the wedding of
Orin F. Smith and Miss Grace Lerman.
The ceremony will take place at Dix-
son's hall on Tuesday evening next.

Invitations are out for a Halloween
party to be given at Turner's hall by
the "witches."

Just who the witches are is some-
what of a mystery and Laton society
is all in a ferment of expectancy over
the affair. The invitations stipulate
that participants must wear sheet
and black costumes with mask. A
great time is anticipated.

When the Laton school house was en-
larged it was thought that there would
be plenty of room for both the Grammar
and High schools for several years but
the present roll of attendance shows 126
pupils in the grammar rooms and twenty
pupils in the high school. T. S. Marshall,
principal of the High school, says that
the next term will undoubtedly begin
with forty or fifty pupils and there
are even now twenty or thirty additional
pupils coming in for the grammar
rooms. The Union High school will prob-
ably be compelled to erect its own
building next summer.

Laton, October 28, 1905.

Navajo Indian Blankets.

A large assortment just arrived from
Arizona, in charge of Fred Allen, an In-
dian trader. Now on sale at Kutner-
Goldstein Co's store. "The real thing"
at very reasonable prices.

Farm wagons at cost. Lyons-Botes
Co.

SELMA WAREHOUSE SALVAGE IS SOLD

Damaged Wheat and Raisins Brought
\$7056.51 at Auction.

SELMA, Oct. 28.—The insurance com-
panies this afternoon sold the salvaged
grain and raisins from the packing
house fire of last week and realized a
good sum out of that damaged goods. Ap-
praiser Culbert Meade had charge of the
sale and buyers were here from a dis-
tance. The total sales amounted to
\$7056.51. The raisins, estimated at 200
tons of badly damaged goods, were sold
to Dan Gentry for \$8.75 a ton. The pur-
chaser of the wheat and barley were
Kutner-Goldstein Co., C. Bachold, Jos.
Biddle, a Mr. Schmitz and a Mr. Mun-
zer, who paid \$6 and \$5 for the barley,
and the wheat brought 77, 80 and \$1.15
and \$1.29 a sack, the higher prices being
paid for grain in the original sacks. The
damaged grain was damaged a great deal
by cooking and burning during the fire.
A number of local men were bidders and
the goods brought all that they were
worth. The terms of the sale was 20
per cent cash and balance on delivery.

W. B. Nichols, chief inspector of the
Raisin Growers' company, was a visitor
in Selma today.

Bert Cook of the Irrigator, has taken
a lay-off and gone to the northern part
of the state on a visit.

Harry Gill went to Fowler yesterday
to take up his work for the Southern
Pacific in the station at that place.

Joe Bidie of Hanford was here today
on a business trip.

Rev. C. J. Thackeray and family will
leave for Watsonville next week, where
he will take up his duties as rector of
the Episcopal church in that city.

Mrs. Frank Bagley and daughter, and
a sister of Mrs. Bagley, Miss Pearl Clow,
are here from Oxnard on a visit. Mr.
Bagley was formerly Southern Pacific
station agent at this point.

Parris Allen and family have returned
from a two weeks' visit in Los Angeles.
Mrs. J. S. Taylor and son George, are
in Los Angeles attending the W. C. T. U.
state convention.

Mrs. A. Vassgatt and daughter of
Reedley, were here this week as guests
of Mrs. G. Reber, mother of Mrs. Was-
gatt.

J. R. Williams is here from Los An-
geles looking after business interests.

C. B. Sargent is down from Oakland
looking after his property interests.

The Fraternal Brotherhood lodge will
give a "sock social" on November 1st at
Masonic hall. There will be a pro-
gram and refreshments. A general good
time is anticipated, as this lodge always
makes a special effort in its social af-
fairs.

REEDLEY.

William Hall, former assistant agent
for the Southern Pacific company at this
place, is now acting as assistant at
Kingsburg.

J. A. Drake took his son, Jack Drake,
to Fresno today to have his right eye
operated upon. Some kind of an un-
natural growth has been forming on the
lower lid.

Robert Porter took the morning South-
ern Pacific train for Fresno to transact
business Friday.

M. Enos and wife were attending to
business in Fresno Friday.

The business men of this place are
trying to agree on the proposition of
closing their stores all day Sundays, but
they are unable to get all in line.

Mrs. H. Carpenter and daughter were
shopping and visiting in Fresno Thurs-
day.

Dr. Akers was taken suddenly ill last
Sunday and on Wednesday was removed
to the Burnett Sanitarium in Fresno to
be operated on for appendicitis. At last
reports he was resting easy.

Eleven new families have arrived in
Reedley the past week, from Kansas,
Nebraska and Tennessee. All come to
make Reedley and vicinity their home.

Some already own their property, having
been here last fall all night and are
now just returning with their families,
while others will soon buy.

Chas. Howelling and family have
moved into the residence recently built
by Mr. Pinkerton in West Reedley.

Frank Blair spent the day in Fresno,
Thursday transacting business.

Track is now being laid for the Fresno
county railroad, the branch of the Santa
Fe that runs from Reedley to the
Wahkote winery, seven miles north.
About fifty men are at work placing ties
and laying the rails. They have about
one mile completed.

M. Blanchard, a Southern Pacific
conductor, is here for a short stay, look-
ing after his interests.

Joe Bollinger, spending a few days in
Fresno this week, transacting business.

Mrs. Bert Hart of Selma was visiting
here last night, all night and left
Friday for Sugar Pine near Fresno
Plats.

NEW VACATION TRIP

Summit Excursion Rates.
Effective May 1st, the Southern Pacific
and Santa Fe lines will sell round trip
through tickets to points on the Seaside
North Shore at reduced rates. Fresno to
Camp Taylor and return, \$9.05; Pt.
Reyes, \$9.40; Camp Meeker, Monte Rio
and the Russian River, \$10.90; Duncan's
Mills, \$11.30; Cazadero Big Trees, \$11.65.

Cottage and camp sites, hotels, boarding
houses and mineral springs, hunting,
fishing and camping trips to the North
Coast. Full information on illustrated
folders, "Summer Outings," free on ap-
plication to local ticket agent or by
mail to Geo. W. Heintz, Mutual Life
Building, San Francisco, Cal.

Greetings, Fellow Christians!
Regardless of denominations. There
are to be held two bible study meetings
for the promotion of Christian knowl-
edge, and not to build up another sect,
of which, as all agree, there are already
too many. These lectures or discourses
are to be held in St. Andrew's Hall,
Edgerly block, over postoffice, on the
evenings of October 25th and 26th. By
Pilgrim John Harrison, on the subject
of the "Millennium, or Christ's Thousand
Year Reign and Its Object." All are
cordially invited to attend. No collec-
tions. Free tracts.

Notice to Hunters.
All persons hunting or trespassing on
Section 29, T. 14, R. 22, will be prosecuted
to the full extent of the law. M. H.
Smith, P. C. Fouts, J. Shepherd, P. Free-
man, A. Butler, D. Radley and M. L.
Denn.

S. B. Lung Tonic.
Is the best remedy for coughs, colds and
hoarseness and always gives satisfaction.
Only at Smith Bros. Drug Store.

You Can
Save at least \$1 if you buy your
heating stoves from Foin & Son's, J
and Merced streets.

sack.

THE 3d DOCTOR SAVED HIM

The following letter was unsolicited:
Brotherhood of Railroad Trainmen,
New or Never Lodge, No. 517, Brook-
lyn, N. Y., Aug. 11, 1905.
J. J. Fulton Co., San Francisco—Dear
Sir: I feel it my duty to write you of
your wonderful Remedy Compound for
Bright's Disease. It is the most won-
derful thing I ever knew of. I had
Bright's Disease in a most critical way,
and two doctors gave me up as a goner.
My wife called it a third. He said the
only hope I had was in your medicine.
It was gotten for me at once at 200
Broadway, N. Y. In seven days the
doctor left me and my eyes got so I
could see quite plain, and I have been
on the improve ever since. I am on the
eighth bottle and am able to walk
around and feel so much like myself
that I expect to go to work next Mon-
day. I am a steam R. R. conductor, so
you see I must feel pretty good to be
able to handle a train. I shall continue
with the Remedy Compound till I am sure
it has made my wonderful cure perma-
nent. Trusting that all will do as well
as I have.
Yours,
P. BLISS,
14 Stewart St., Brooklyn, N. Y.

Note that after two doctors had fail-
ed with the orthodox treatment a broad
physician prescribed the only thing
known that controls Bright's Disease
and saved this patient's life. Send for
bottles on the curability of Bright's
Disease to J. J. Fulton Co., 409 Wash-
ington St., San Francisco, or to Pat-
erson Block Pharmacy, agent.

When to suspect Bright's Disease—
weakness or loss of sight; puffy ankles,
rashes on eyelids; dropsy; kidney trou-
ble after the third month; urine may
show sediment; falling vision; drowsi-
ness; one or more of these.

Are You Preparing Christmas Gifts?

If you make the things you
give your friends for Christ-
mas, you have to begin get-
ting them ready long before.
It's only nine weeks to
Christmas.

PYROGRAPHIC WORK

Makes fine presents. We
have a very large assortment
of new things for burning—
music racks, stools, cases of all
kinds, book-cases and cabi-
nets, and the like, all suitable
for holiday gifts.

Come in and see them. We
show you how to burn them.

.. SOCIETY ..

Mrs. Lee L. Gray on her black horse "Lady."

Only a few more days of beautiful
golden October with all her lovely col-
oring and Indian summer haze. Then
comes the beginning of the days when
one must think about furnace fires and
similar inartistic but highly practical
necessities of indoor living. Before that
time arrives, however, and from present
indications it looks as though it will
still some weeks distant there is still
a "spell of weather" which keeps us out
of doors and none are more loath to
see the dark days come than the society
matrons and maids who ride horseback
and the number is increasing daily.

People are just beginning to realize
that this is a horse back country and
the habit has become so fixed with a
certain few of the young women of the
town that almost daily one sees a gay
party of them bound countryward. It
used to be that girls could never with
any degree of propriety ride in any
other way but on a side saddle. Now,
however, all this is changed and father
or brother are not permitted to storm
about the immodesty of a cross saddle
rider, for it is the proper thing and
dame fashion has set her stamp of ap-
proval upon the desiring young woman
who mounts her prancing steed becom-
ingly attired in a sensible divided skirt
with a fetching coat and hat to match
ready to enjoy a gallop with perfect
safety and to derive the benefit that she
was meant to have from the exercise.

Mrs. Lee Gray, whose picture you see
this morning taken on her beautiful
black horse "Lady," was among the first
to take up the sport. She is an enthu-
siastic horsewoman and an excellent rider.
When she first began to ride she used
a side saddle but recently she has been
seen riding in a ratty divided skirt of
khaki, which becomes her ad-
mirably. Miss Blanch Pierce is an-
other daring rider, who is frequently
seen on her graceful little black horse
which is full of tricks but perfectly un-
derstood by her mistress.

Mrs. Emory Donahoe used to be a de-
votee of the sport, but she has not been
riding lately (no doubt, the "German
Garden" is too absorbing). Miss Jennie
Wishon has a beautiful horse of her own
which is full of spirit and go and which
she is learning to manage beautifully.
She and Miss Margaret Clark ride fre-
quently together. Miss Violet Hodgkin
and Miss Eva Story ride particularly
well and it is said that their skill in
this direction was put to the test on a
rough, mountain trip last summer.
Among others who ride are Miss Dick-
inson, Miss Grace McCormack, Miss
Gertrude Leonard, Miss Alice Brown,
Miss Maud Schaeffer and Miss Mildred
Rorick. Perhaps later on there will be
others to tell you of, as the fever is
spreading rapidly and threatens to be-
come contagious. The only man who
rides at all is the visiting evangelist
in our midst, Dr. Bulein, who spends
all his spare moments on horseback
and is a conspicuous figure in his jaunty
khaki suit.

As to social affairs this week, the out-
look is somewhat brighter than usual,
the important functions of the week be-
ing the two eard affairs given by Mrs.
Robert Kennedy and Miss Elizabeth
Kennedy, the second one on Wednesday
being in compliment to Mrs. Walter
Brown of Berkeley, who as Miss Ruth
Adams, was one of the popular girls in
Fresno society for several seasons when
she made here home here.

A delightful children's Halloween
party on Tuesday night will be given
by Mrs. Lee Gray for her son, Austin,
and nephew and niece, Donald and Dor-
othy Foreyth.

The following may serve as a sug-
gestion for a unique and pleasurable en-
tertainment. It is the idea of an East-
ern hostess and certainly sounds inter-
esting:

"The invitations told little beyond the
fact that the recipients were invited to
join their host and hostess on a trip to
Big Hollow on Wednesday evening and
were requested to be at the Union sta-
tion at such an hour. Of course every-
body was there at the hour named,
burning with curiosity, and their curi-
osity was not wasted, for they were
conducted through a maze of devious
tracks and by-ways to a train composed
of two flat cars, one fitted up as a ball
room, with encircling seats and the other
as a dining room, while a third car which

WHAT'S THE USE Experimenting

With unknown medicines when you can
just as easily get **Hostetter's**. It has a
52 years' record of cures back of it and
is being taken by most everybody
whose stomach is weak or bowels con-
stipated.

should be your choice, too, because it
will cure you. Try a bottle for Indi-
gestion, Dyspepsia, Heartburn, Cramps,
Poor Appetite, or Insomnia and be con-
vinced.

was a regular coach afforded protection
from the weather in case the October
breezes became too strenuous outside.
This remarkable train was fastened to
an out-going passenger, and carried some
twelve miles out in the country where it
was switched on a siding. And there
the party made merry under the light of
the glorious hunter's moon which poured
down its richest and most golden rays
upon them, until nearly midnight when
they were picked up by an incoming
passenger and landed safely at the sta-
tion again a few moments later. The
whole affair was a charming surprise
from start to finish.

Miss Mabel Dalton has as her guest
for a week-end visit Miss Freda Olufs.
Tonight the home of Mr. and Mrs. Eli-
ott at "Arden" will be the scene of a
merry dinner party, at which Miss
Mable will entertain a number of Lamb
sorority girls.

Mr. and Mrs. Lee Gray will entertain
tonight with a family dinner complimen-
tary to Mrs. John D. Gray, whose pres-
ence is going to be greatly missed at
social affairs this season since her de-
cision to spend the winter in the East.
Mrs. Mabel Gray Lachmann arrived
from Berkeley last night and will com-
plete the family circle at the dinner to-
night.

Mr. and Mrs. W. W. Congdon enter-
tained a few friends at an informal
dinner last evening in honor of Mrs.
Rowan of Garden City, Kansas.

Last night in the apartments of Mr.
and Mrs. J. B. Cowley, above the South-
ern Pacific station, there was a delight-
ful double celebration of the host's
birthday and of the marriage of his
niece, Miss Bessie Olive Fry, daughter
of Mr. and Mrs. Walter Fry of Three
Rivers, and John Allan MacKinnon of
the Southern Pacific freight department.
The decorations for the happy double
event were most elaborate and decid-
edly beautiful. In the room where the
wedding ceremony took place the color
scheme was in green and white, effec-
tively carried out in an artistic arrange-
ment of satin ribbons and quantities
of lovely white carnations. The bride
looked her best in her wedding gown of
the newest white satin. The bridegroom
was in a tuxedo and the bride and
groom were attended by the bride's
brother, Charles Fry, and his fiancée,
who came down from Oakland for the
event.

The wedding feast and birthday din-
ner combined was an event long to be
remembered for its felicity and good
cheer. Out of compliment to the host
who is an Elk, the Elks' colors—purple
and white—were used in the decora-
tions of the dining room and banquet
table. Beneath a gorgeous canopy of
interlaced purple and white satin rib-
bons the table was spread. Only a
dozen guests witnessed the ceremony
and partook of the feast later, the list
including only the immediate relatives
of the bride. Mr. and Mrs. C. P. Cow-
ley of Michigan, the parents of Mr.
J. B. Cowley, who are here on a visit,
were the only guests from abroad.

Mr. and Mrs. MacKinnon have taken
apartments at the Koller, where they
will go immediately to housekeeping,
taking their wedding trip East a month
or two hence.

News comes from Berkeley of the
wedding of Augustus C. Eisen, formerly
of Fresno, and Miss Lora Halliday of
Berkeley. Mr. and Mrs. Eisen have
gone to Honolulu on their wedding trip
and after January 1st will be at home
to their friends at No. 2809 Forest ave-
nue, Berkeley.

The wedding of Mr. Eisen's sister,
Miss Lela Eisen, occurred some months
ago. She married Charles Swasey of
the Examiner and they are spending
their honeymoon in Europe. Mrs.
Swasey, previous to her marriage, vis-
ited a number of times in Fresno, the
last time as the guest of Miss Maud
Helm.

Today is to be a day of weddings
and the Rev. Duncan Wallace, who is
to officiate, has his hands full. In the
Cumberland church this evening
just at the close of the union Christian
Endeavor session will occur the wedding
of Miss Sallie Byrn and Harvey S.
Whistler. The bride and groom will
be unattended and Miss Lucile Hogue
will play the wedding march. The sec-
ond wedding will be that of John W.
Giffen and Miss Ethel Reed, who will
be married at the Cumberland Presby-
terian parsonage this afternoon.

The D. I. N. sorority girls held a
Halloween jollification last night at the
home of Misses Edna and Gertrude
Linggren. Pumpkins formed the decora-
tions of the large hall and also of the
dining room, where an appropriate feast
was served. The usual Halloween
sports kept the ball rolling merrily un-
til past the witching hour of midnight.
Besides the sorority girls there were in-
vited: Miss Jennie Wishon, Miss An-
na Tupper, Miss Bessie Hawes and Miss
Gussie Collier. The sorority girls
numbered twenty or more and the in-
vited guests included as many boys.

The Chrysanthemum fête which the

ladies of St. James guild are busily en-
gaged in working for, is to be counted
as one of the coming social attractions,
the date having been set for November
7th. Something unique is to be offered
this year by way of entertainment—
not a play and not a musical—so the
ladies say.

Miss Grace Enheart of Los Angeles
is visiting Miss Jennie Wishon for a
few days en route to Berkeley.

Mrs. S. L. Wiley is the guest of
friends in Sanger today.

Mrs. Eugene Jones of Sacramento is
expected shortly on a visit to Mrs. J.
S. Jones and to her parents, Mr. and
Mrs. Everett Parsons.

Miss Zona Beall of Laton is visiting
Miss Gussie Collier for a few days.

There was a Halloween celebration
at Easton on Friday night at the home
of John Poytress, when the middle class
of the High school entertained the ju-
nior class. The usual appropriate fes-
tivities were enjoyed and the refresh-
ments were likewise in keeping with the
season.

Among the guests were Miss Baugh,
Miss Wythe, Miss Emily Drury, Miss
Reed, Miss Dwellie, Mrs. James, Miss
Ethel James, Miss Elvira Turner, Miss

Mrs. Walter Brown, of Berkeley.

Annie Murphy, Miss Jenner, Messrs.
Osmer Abbott, Donald Bennett, Knox
Fullon, Henry and Louis Thiele, James
Ryan, Robert Lewis, Albert Carlson.

On Wednesday evening at the home
of the bride's parents, Mr. and Mrs.
J. Z. Williams, near Del Rey, occurred
the wedding of Miss Lulu Williams
and Marx Christensen, Rev. Matthews
officiating. Only relatives and intima-
te friends witnessed the ceremony
and after the wedding supper Mr. and
Mrs. Christensen departed for Selma,
where a costly furnished cottage await-
ed their occupancy.

Master Elmo Hart was the recipient
of a very pleasant surprise party on
Friday evening. Music and games were
delightful diversions of the evening, at
the close of which refreshments were
served. The guests included Roseline
Steinman, Ella Leilum, Edith Hughes,
Jva and Jennie Hart, Ora Williams,
George Tobey, Wesley Middleton, Dolly
Orr, Edith Buckingham, Willie Tack-
ett, Blanch Richard, Mural Cook,
George Taber, Mabel Knapp, Dora
Forshee, Hugh Adams, Lucy Adams.

Dr. J. J. Schultz is entertaining his
sister, Miss Florence Schultz and brother,
Jerome Schultz of Crawfordsville,
Indiana. The visitors will spend the
winter in Fresno at 183 Fortcamp ave-
nue, where the doctor has prepared a
cottage for their visit.

An interesting engagement, the rumors
of which have been afloat for the past
few days and which was confirmed yester-
day by the young man concerned, is
that of Arnold M. Jensen, son of Mr.
and Mrs. John Jensen of this city, and
Miss Adeline Grefenoecker of San Fran-
cisco. The fair bride-to-be is a very
attractive young woman and is accom-
plished in a musical way, which is a
happy circumstance, since Mr. Jensen
himself is exceedingly fond of music
and is developing a rich baritone voice
of much strength and sweetness. This
is somewhat of a surprise to his friends,
who are just beginning to discover how
really talented he is in this line. He
has returned to Fresno within the last
few months, having spent several years
in San Francisco and in Goldfield. He
is now engaged in the real estate busi-
ness with an established firm in town
and has shown himself to be most cap-
able and trustworthy. He has a host
of personal friends as well as friends
of the family, who are extending him
hearty congratulations. The wedding
date is in the not far distant future.

The literary department of the Par-
lor Lecture club is arranging for an ex-
hibit of the stereopticon views of Fresno
county and vicinity which were given
by Mrs. Wiley at the Portland fair.
The accompanying lecture, which is
highly spoken of, will give an account
of conditions in this flourishing valley,
which will be interesting to those who
know of them and an eye opener to
those who do not. Beautiful views of
Yosemite and Kings river canyon are
included in the collection and Mrs.
Wiley says she was not a day too soon
in securing them, as otherwise they
would have become a part of the Los
Angeles annex. The lecture will be
held in the audience room of the Wash-
ington Grammar school and will be

Dr. B. W. Doyle.

given to raise funds for the woman's
clubhouse fund.

Miss Lena Redington came down
from Oakland yesterday for a brief visit
with Mrs. George Aiken, returning
home this morning. Miss Redington
brought with her a number of beau-
tiful European views and a wonderful
collection of souvenir postal cards, which
her friends have been enjoying while lis-
tening to her entertaining descriptions
of the cities she visited and the ex-
periences encountered during her de-
lightful year of travel. Miss Reding-
ton expects to visit here again in about
a month, when her friends hope for a
longer stay.

Miss Henrietta Foote celebrated her
fifth birthday yesterday at the home
of her parents, Mr. and Mrs. W. D.
Foote, on Ventura avenue. The guests
of the afternoon were all little peo-
ple whose mamas belong to that pleas-
ant little club known as the Thimble
club and the little folks found them-
selves as congenial a gathering as their
mothers do when they meet to see
and chat. There were games of all
kinds and a soap bubble contest and
then came the birthday "party" as the
children call the eating period. The
table was glowing with red geraniums
and the beaming faces gathered about
it completed its picturesqueness. Each
little girl carried away a doll as a
souvenir and the boys received balls.
Miss Henrietta was a charming little
hostess and was ably assisted by her
mother and her older sister, Miss Jack
Foote.

Miss Flora Tuffing, who makes her
home with Mrs. M. J. D. Reese on Cal-
averas street, was a delightful young
hostess on Friday evening, when she
entertained a few friends at an informal
evening affair prior to her departure
on a visit to her father in Oakland.
The hours of the evening were enjoy-
ably spent in playing "pit" and other
games and a delicious little spread was
served at the close of the evening. En-
joying the evening's pleasures were
Mrs. A. Sifton, Miss Eva Sifton, Miss
Ava Hays, Messrs. Willoughby, Hal
Ray, Roy McCoy, George Pickford.

Bar Association.
The regular meeting of the Fresno
County Bar Association will be held at
8 o'clock tomorrow evening, in the
courtroom of Department No. 2 of the
Superior court. George Cosgrave has
prepared a paper for this occasion on
the "Taxation Laws of California." Mr.
Cosgrave has given this subject a very
careful consideration and what he has
to say will be both interesting and in-
structive.

Members of the Fraternal Brotherhood.
Take notice that Fresno Lodge No. 91,
will give a Halloween social and dance
to the members of the order and their
friends, on Monday evening, October 30.
All kinds of good things to eat. Invite
your friends and have a good time.
Dancing, 10c.

A BIG LOT OF Sparkling Exquisite GENUINE CUT GLASS

Just landed, quickly marked and immediately placed in
our four large windows.
Our four cut-glass cases were already teeming full, so
the only proper thing to do was to place it in the windows.

DO IT NOW

A most opportune time to select that anniversary, wed-
ding or Christmas present.

THE LARGEST STOCK TO SELECT FROM—10
per cent saving as long as in windows. \$2,000 worth to se-
lect from—the kind that took first prize at St. Louis, the
kind that outshone them all at Portland, the kind we've sold
for three years.

A peep at our windows is to be convinced that the best
cut-glass can be had for a nominal price.

You should see our beautiful lines of Imported Chinas,
Bric-a-Brac and other novelties arriving daily from England,
France, Germany, Italy and Eastern factories.

HOLLANDS'

Weihe Home Tract Of 470 Acres

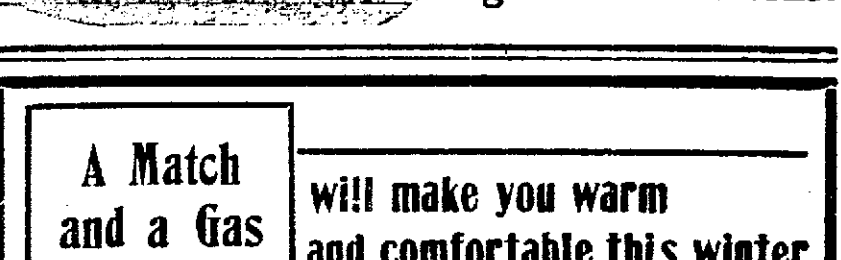

Bought by I. Teilman, M. L. Woy, and
M. Madsen, adjoining the city limits and
fronting on Kearney, California, White's
Bridge and Belmont Avenues.
Every man, woman and child in Fresno
county knows this land to be A No. 1. This
tract is now being surveyed, avenues graded
and plotted in 5, 10 and 20 acre tracts, and
will be placed on the market November 15,
1905.

Location Right, Land Right, Price Right, Terms Right.

and for Suburban homes it's Right—make
your selections before it's too late and get
right

A Judicious Inquiry.
A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

HOXIE ON SEWER PLAN

Just What the Ordinance Provides for.

Sewer Farms Abroad and in This Country—Needs of This City.

City Engineer Hoxie has prepared a careful analysis of the proposed sewer system for the consideration of Fresno citizens. Particular attention is given in it to the workings of sewer farms, and the size of a system for a city with Fresno's growth. The letter is given below:

Hon. W. Parker Lyon, Mayor of the City of Fresno:

Dear Sir:—That the plans for the extension of the sewer system of our city may be better understood, I deem it advisable to address you on the subject, and request that you have this report published that the people may know just what they are voting for, in so far as this improvement is concerned. At the same time, I desire to give, as briefly as possible, my reasons for recommending this plan of sewage disposal.

In recommending a sewer farm, I first took into consideration our climate, which is semi-tropical, and our soil (at the proposed farm), which is sandy, together with the fact that we owe our prosperity to the proper application of water to the soil. Sewage is better than water for irrigation purposes to the extent of its fertilizing value, which is great.

The proposed farm contains 812 acres, and has never had sewage applied to it. Our plans call for the preparation of upwards of 400 acres of this land to receive the sewage from the proposed septic tank. This acreage is to be prepared in a manner to absolutely prevent the possible formation of stagnant pools—a condition that must be carefully guarded against.

Mr. Bachmann, on sewage disposal of Paris, says as follows:

"There are two methods by which these irrigation areas are conducted: 'In part the city owns the lands (1800 hectares or 3450 acres), renting them to farmers for an annual sum subject to the requirements of the purification process. That is the best and the most economical. The other areas have also gained in value each year, although the greater distance and lack of labor prevents farming on any but a large scale, the raising of cereals, potatoes, etc.'

"The operation of the irrigation system is controlled by committees, under the higher board of administration. They are compelled by the law to pre-

sent half-yearly reports, and to see that the legal amount of sewage is distributed to the fields under cultivation without the formation of stagnant pools. These reports have never failed to show that directions have been carried out properly, and to attest to the satisfactory operation of the system. Proof of this one finds, among other ways, in the popular satisfaction which has succeeded the violent opposition first encountered; in the general eagerness of the agricultural population to take advantage of the fertilizing properties of the sewage to make their farms more remunerative; in the increase of population in the localities adjoining the purification fields (that at Genevilliers has tripled since the commencement of irrigation), and in the maintenance locally of normal sanitary conditions.

As to the degree of purification, without exception, results have been obtained which are certainly unequalled elsewhere, either by sewage irrigation, or by any other process."

The city of Melbourne, Victoria, with a population in 1903 of 501,460, has a sewer farm of 8847 acres at a cost of \$85 per acre. The sewage is applied to properly prepared blocks of land, but before being so applied to the land, is passed through wire strainers to a pumping plant, and the screened material is dried by a steaming process. This farm is paying handsomely, although it was not thoroughly installed until 1897. Sheep are raised extensively on the farm, and alfalfa and prairie grasses are produced, the former being summer feed, the latter, winter. It is also proposed to raise vegetables on this farm for the Melbourne market.

And, coming nearer home, we find Santa Rosa, Bismarck, Pasadena and other cities in our own state, successfully, both from a sanitary and revenue standpoint, disposing of their sewage in this manner—each of the places named having installed this manner of sewage disposal after violent opposition on the part of residents of the district in which it was proposed to install the farm.

True, some opposition, however, has long since ceased, and those living immediately about the farm, as is the case at Pasadena, use the surplus effluent at times when it can be had.

We are better situated for this manner of sewage disposal than any of these latter places because of the climate and soil being so well adapted to it.

Now, as to the septic tank, the installation of which I believe to be all important, for the reason that the disagreeable features of applying the raw sewage to the land will be eliminated, and the effluent—spendable fertilizer—can be applied to the soil with comfort and absolute safety from a sanitary standpoint, it being acknowledged that the septic process of sewage disposal is now in the lead above all other methods.

The tanks planned are eight in number; of inside dimensions 36 by 90 feet, with walls and floors constructed of brick, and each tank roofed over. My conclusions as to the manner of the construction of these tanks were formed after a careful study of the subject and by investigation into the workings of tanks now in operation in California, being thus permitted to profit by the mistakes of others.

I have, for several months past, studied the working of our present outfall, which consists of a 20 inch vitrified sewer pipe, about 4 1/2 miles in length, extending to a point within half a mile of the present discharge.

As the present outfall is a half mile long, and is almost beyond repair.

Our present population is, in round numbers, 20,000. Assuming that three-fourths of our population is using the present sewer system, and estimating (as did my predecessor, Mr. Tielman, in one of his reports to the Board of Trustees), that 200 gallons per day is to be allowed per capita, we have three million gallons of sewage daily discharged into the mains. There is no disputing the fact that this amount of sewage passes through the present outfall in the summer months. In fact, many of my investigations show a congestion to the extent of 6 inches, or more, above the pipe in the outfall manholes, and the velocity, the minimum, being only 2 feet per second. To remedy this condition, I have recommended another 24 inch pipe of the same size to be laid parallel with, and three feet from the present one, to the sewer farm, and the discontinuation of the wooden box, as heretofore described, and the extending of the present outfall to a point half a mile north, which will involve no greater cost than were the box sewer replaced with vitrified pipe.

In this recommendation I am in accord with my predecessor, Mr. Tielman, for in his report to the Board of Trustees, filed Oct. 6, 1902, he says as follows:

"If the city will provide the money for building the septic tank by bonds, we should in the same bond provide for the building of a new and large intercepting sewer to take the place of the Merced street sewer which is entirely too small for Fresno city seems to use more water and produce more sewage per capita than any other city in the country, for, according to the statement of the Fresno Water Company, use in the summer time about 350 gallons per head, when the normal use, and according to records of other cities, is from 75 to 150 gallons. Of course, we do not use any 350 gallons per capita, but there is a large amount of waste for night lavatories are allowed to run all day all over the city, adding a large unnecessary quantity to the sewage. That would be avoided if the water system were properly managed. But as long as such a large amount of sewage is coming into the pipes, it must be carried out of the city; therefore the necessity of a new intercepting sewer is fully apparent. The septic tank, and said septic tank cannot be successfully operated without it, and I therefore recommend that a 30-inch diameter brick sewer be constructed along Merced street, from 'G' to 'A' street, where the Russian town sewer intercepts; then, from there on, the sewer shall be 36 inches in diameter to California avenue, and along California avenue to the septic tank that part of the tank and will be deeper for the crown will be built level and even with the top of the tank."

And later on on March 13, 1905, Mr. Tielman recommended a concrete or brick sewer four feet in diameter on a grade of two feet per mile, as an outfall sewer.

I do not altogether agree with Mr. Tielman regarding brick sewers for the reason the carrying capacity is not as great, and for the use of our city would not recommend such a sewer as against vitrified pipe. And my conclusions, regarding the outfall, are as follows:

That the present constructed outfall sewer is doing all that it could be expected to do without putting it under pressure, which I would not advise, and in constructing a parallel line, as I have heretofore described, we are insured, at least, a system adequate for

sent half-yearly reports, and to see that the legal amount of sewage is distributed to the fields under cultivation without the formation of stagnant pools. These reports have never failed to show that directions have been carried out properly, and to attest to the satisfactory operation of the system. Proof of this one finds, among other ways, in the popular satisfaction which has succeeded the violent opposition first encountered; in the general eagerness of the agricultural population to take advantage of the fertilizing properties of the sewage to make their farms more remunerative; in the increase of population in the localities adjoining the purification fields (that at Genevilliers has tripled since the commencement of irrigation), and in the maintenance locally of normal sanitary conditions.

As to the degree of purification, without exception, results have been obtained which are certainly unequalled elsewhere, either by sewage irrigation, or by any other process."

The city of Melbourne, Victoria, with a population in 1903 of 501,460, has a sewer farm of 8847 acres at a cost of \$85 per acre. REDEMPTIVE POWER OF LABOR

It and the Influence of Property Are the Corner-Stones of the Junior Republic.

By A. J. Pillsbury.

NEW YORK, Oct. 18.—In a former article I summarized the consummations of the George Junior Republic at Freeville, New York. It remains to tell how these consummations were accomplished.

The idea is simplicity itself and the application of it is as simple as the idea. "Nothing without labor" is the key note of the industrial life, and the New England town furnishes the model for the government of the Junior Republic, as it did also for the Great Republic. There are a few high sounding titles, such as Secretary, President of the Republic, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male and female not distinguished, because of high crimes and misdemeanors, etc., but as a matter of fact, these officials perform the duties of selectmen and the only legislative body consists of the whole citizenry, 14 years old and upward, assembled in town meeting, male FRESNO BOY AN ACTOR

W. Robert Hildreth Plays Week in Barton Where He First Was Fired With Ambition for the Stage.

W. ROBERT HILDRETH
A Fresno boy, who interprets character parts with Eckhardt's Ideals.

W. Robert Hildreth, character actor with the Eckhardt Ideals, who chose their week's engagement at the Barton tonight, is an erstwhile Fresno lad and holds a warm spot in his affections for his childhood's home. Sorted on a property box at the back of the stage during the intervals of a rehearsal he talked enthusiastically and entertainingly of his work-his love for it and ambition to reach the top of the ladder. He is a keen, sunny looking chap with observing brown eyes and a determined expression of "do or die" which leaves no doubt in one's mind that he is doing the thing he likes. "There is nothing but this for me," he declared with an earnestness that was convincing. "Just then a voice from the darkness of the scenes called 'Bob' and the conversation was temporarily suspended. "That he is first in the esteem of his fellow actors was plain to be seen from the way in which matters of discussion were referred to him. "Why we can't even let Bob go to the springs for his rheumatism because there is not a man to be found to fill his place. He is the best character actor in California," put in the manager. "And character parts is where he shines and are the parts he likes best. The part of the miser in 'Virginia,' which was played twice during this engagement, is a favorite one and Mr. Hildreth shows a nice appreciation of the proper interpretation of the character. "Another comedy character that appeals to me, too," said the actor when

LOST.

success. He is on the alert every minute and seems to be exceedingly bright and studious and above all, means to be a success, which goes a long way toward being one. In spite of adverse circumstances now and then he never gets discouraged and pushes right on. "As I said before," he went on, "I have had this one idea in my head ever since I saw my first play from the top gallery of this theater, where I munched peanuts with the rest of the ragamuffins, of going on the stage, and I have stuck by it. I have never been East yet, but I hope to go before long. "As he came back from the front of the stage he smilingly remarked, "I am a Frenchman today-it's my first experience but there's nothing like making the best of it. Still I think I would rather be the miser," and that undoubtedly is his best role and the one in which he has achieved the most success. "I wrote a play last year myself," he continued, and hope to see it put on before long and with a burst of enthusiasm he related part of the plot and why he thought it might take and all that. He isn't over 22 years and yet he enacts a role like the miser in "Virginia" or Martin Beggs in "Because He Loved Her," with the ease of a man of more mature years. Mr. Hildreth has a bright future and he intends to "get there."

CHURCH NOTICES

Evangelist E. J. Bulgin will preach this afternoon at 3 o'clock on "The Divinity of Christ." The evening service will be at 7:45.

TODAY'S GAME OF BASEBALL

Oakland Makes Its Farewell Appearance Here.

Locals Confident of Victory, But Visitors' Recent Work Promises a Hard Contest.

The Oakland team makes its last appearance here today. There are four games yet to be played before the end of the league season-today with Oakland next Sunday with Presidio, and the following Sunday with Presidio, and the final Sunday of the season with San Jose. Fresno expects to win all four of the contests, but baseball is an uncertain game and it is hard to predict just what anyone of the four visiting teams is apt to do. Oakland has been playing fast ball of late, having lost the last three games by a very narrow margin. Tyson, the lengthy slasher, has pitched better ball in the last four or five games than he has at any time during the season, and he can be expected today to hold down the batting averages of the Fresnoans.

Frank O'Brien will twirl for Fresno. O'Brien is unquestionably one of the best twirlers in the league and his benders have so far proved infallible to the best of the batsmen. Few were the hits the batters gleamed from his offerings three weeks ago, and it is not at all likely that they will connect any more freely today, as Frank was never in better twirling condition.

Following is the way the teams will line up:

Oakland	Fresno
Tyson	O'Brien
Reuben	Kuhn
Streib	Cartwright
Hamman	McKune
Lutgen	Moore
Holhorst	McCarthy
Fey	McClure
Walshour	Britt
Poultney	Adams

EMPIRE'S PERFORMANCES.

Three Today Close Strong Bill of Present Week-Complete Change Tomorrow.

There are three more performances of the present bill at the Empire theater, one this afternoon and two tonight. Tomorrow night the new bill will be presented and Manager Hoen promises that it will be up to the standard of excellence he has set, and that is a guarantee that the public will be entertained in a thoroughly satisfactory manner.

The bill of the past week has been one of the best ever presented in a local vaudeville house and its worth has been attested by packed houses every night and record-breaking attendance at the matinees. The matinees at the Empire are growing in popularity every day. Ladies and children and people from the country who are unable to come to town at night have their pleasure of theater-going in the afternoon. The performance is put on in its entirety, just as it is at night, and the orchestra, which is one of the big attractions of the house, renders its full musical program.

Bobby Doyle and his company in "The Gay Lord Smith" have been the feature this week, and those who have not seen them in their playlet have three opportunities today to do so. It is one spasm of laughter from beginning to end, and Mr. Doyle and his company have duplicated the hit they made in the opening week of the Empire as the "Gogoligues."

F. H. Spansfield, the comedian, whose "Country" personation, a few weeks ago created so much merriment, is assisting the Boyle troupe in the skit and is also making plenty of fun on his own account as "The Silly Kid."

Katherine, the peerless contortionist, was unable to appear early in the week, but she is doing her turn regularly now and is getting her share of applause.

Miss Cora Hoen is appearing twice on the bill, first with her "living marionettes" and second in an illustrated song. Miss Hoen's marionettes have elicited no small amount of applause, and the act has already been one of the most entertaining of the program. Her song, as usual, is excellent. The admirers of Miss Hoen's singing, and her constituents practically the entire population, will have the privilege of hearing her for a few more weeks only, as she is leaving shortly for San Francisco to study voice culture.

A DAYLIGHT TRIP.

Through San Joaquin Valley in Parlor Cars.

Travelers on the Southern Pacific may now see the great San Joaquin valley by daylight while riding through it in comfortable parlor cars. These new and finely furnished cars are carried on train No. 84, the Bakersfield Passenger, which leaves San Francisco daily at 8:30 a. m., arriving at Bakersfield 6:05 p. m., and on train 83, leaving Bakersfield 7:30 a. m. and arriving at San Francisco 4:50 p. m. These cars have large windows and easy cushions, and the daylight trip enables the traveler to see all the great valley.

Important Announcement.

SORES-ULCERS THE BLOOD DISEASED-SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. Book on Sores and Ulcers and any medical advice you need without charge.

CALIFORNIA GEOGRAPHY

Should be studied by every citizen of California. It should be taught to the children, both in the school-room and in the home, as a matter of first importance. One of the easiest ways to learn California Geography is to secure one of the Fresno Republican's New Home Wall Charts. It will give you an excellent topographic relief map of California with statistics on elevations and irrigations. It will also give you a political map of the state of California, showing every county, river, railroad, town and city in the state. It also gives the population of every county, city, town and village, according to the latest government census, and this is not all. It shows you a splendid map of the United States, the Panama canal and history and statistics, it also gives you a special topographic map of Eastern Asia, Japan and the Island of Sakhalin. Also gives you a special map of the Philippines, Hawaii, Porto Rico, and to add to the beauty and usefulness of these charts, we give you in beautiful colors the flags of all nations. These all make a most convenient and useful reference aid to the business man, lawyer, doctor, teacher, or any other intelligent citizen. Every office, library or home should have one of these excellent library wall charts. You can obtain one of these wall charts by subscribing or continuing the paper for six months and paying extra express charge of 20 cents. Any further particulars, address the Wall Chart Dept., Fresno Republican, Fresno, Cal.

THE COMING BOND ELECTION IS OF SUPREME IMPORTANCE TO FRESNO. VOTE FOR BOTH ISSUES.

Redlick's

We are rapidly increasing our stock and suit business. Fresno women have learned that here they find the very newest styles, and are asked to pay much less than elsewhere.

Exclusive styles and moderate prices are proving strong attractions in this department. Notice the stylishness of the garments we picture. Is there a single criticism to be made? And the prices are just as much above legitimate criticism.

Tomorrow we show a number of new arrivals that are very modestly priced.

EIDERDOWN ROBES, \$6.00
Made of the very best, ripple eiderdown; some with fanciful trimmed collars, cuffs and fronts; others collarless and finished with silk binding.

\$22.50

Sateen Underskirts \$1.25

Made of extra good grade of sateen, brilliantly black and glossy; 12 inch flounce, finished with a tucked ruffle and dust ruffle.

New Wool Skirts \$4.45

For women; wide plaits from the hips; finished with tailored straps and buttons. A skirt that equals in style and wear any that are selling at \$6 around town.

Last Day of the Silk Sale Tomorrow

Monday will be the last day for these silk bargains. Chances to buy new and desirable silks at from 20 to 40 per cent under market valuations do not come every day.
60c Wash Taffeta, in all colors, 19 inches, on sale at **33c**
36 inch Black Taffeta, heavy, rich lustre, \$1.35 quality, yd. **93c**
Genuine Swiss imported Taffeta and Peau de Soie, 36 inches wide, extra good value at \$1.75; black and colors, while present stock lasts **\$1.15**
Other grades and qualities, worth up to \$2.00, \$2.50 and \$3.00 yard, all sold at proportionately low prices. We earnestly recommend all our friends and customers not to let this silk opportunity pass unnoticed.

DRESS GOODS SPECIALS TOMORROW

Just a few hints from the best dress goods store in Fresno. Bright, new goods; fresh from the looms; so cleverly bought that you can save enough to go a long way towards paying for the making.

36 inch mixed tweed suitings for making tailored suits; due assortment of colors to choose from; 65c goods. Special tomorrow, yard **50c**

50-inch coatings; used for coats and coat suits; patterns in small checks and invisible plaids; entirely new weaves; ten different shades to select from; values up to \$1. Monday for **85c**

Silks and Velvet Sales

Many good silk bargains still left despite the fact that we sold thousands of yards on Friday and Saturday. These are but bargain suggestions; you will find many more ready for your visit.

20-inch new moire or watered silk; latest novelty; all new shades; \$1.25 goods, yd. **95c**

20-inch fancy plaid silks; light, medium and dark colors; nice, heavy texture; soft finish; \$1.35 silk. Special, yard **\$1.10**

20-inch Paon Velvets; close pile; improved finish; used now for full costumes; fine collection of colors; \$1.25 velvet, yard **95c**

THE BOND ELECTION

Strong Indications That the People Next Tuesday Will Support Both Projects—Physicians Unanimously Declare That the New Sewer is Imperative to the City's Health—The Polling Places.

Next Tuesday the voters of the city are called upon to ballot for the approval or disapproval of the proposition submitted to them by the City Trustees, directing the municipal government to issue bonds not to exceed \$175,000 for the enlargement of the Fresno sewer system and establishment of a sewer farm, and bonds not to exceed \$75,000 in amount to pay for the erection of a city hall. The plans for these improvements have long been prepared and submitted to the people for inspection; discussion on the part of the public has been general and thorough, and doubtless the citizens are about ready to cast their votes.

Predicting the Result.
Predicting the result of any election is a rather profitless task, but those who have been interesting themselves in the proposed improvements, and especially the trustees who have given so much time to the preparation of the plans, are confident that the people will express their approval of their judgment and endorse both bond issues. The sewer system is such an absolute necessity that there is hardly a man to be found who suggests that the work should not be undertaken. While the city hall is not the crying need that the sewer system is, it is certainly almost as unanimously desired.

The Polling Precincts.
The boundaries of the voting precincts will be the same as in the last election for city officials, and voters should be careful to ascertain from the official election proclamation in what precinct they live and have a ballot. The polling places are as follows:

- No. 1. Church building, corner O and Stanislaus streets.
- No. 2. Haldeman's store, corner O and Merced streets.
- No. 3. Fresno House, corner Tulare and N streets.
- No. 4. White's store, corner P and Ventura streets.
- No. 5. Aguirre's store, corner J and Ventura streets.
- No. 6. Woodward Brothers' store, 839 J street.
- No. 7. City Hall.
- No. 8. Tins' warehouse, Stanislaus street, near J.
- No. 9. Engine House No. 3, corner Fresno and P streets.
- No. 10. Burleigh's warehouse.
- No. 11. Lowell school house.
- No. 12. Chemical Engine House, No. 1.
- No. 13. Number 1027 J street.
- No. 14. Bear of 1128 J street.

Here and there has been found an occasional objection to some feature of the bond issue or subsequent method of expenditure of the funds, which have been not heard by the mayor or trustees. At the trustees' meeting last night, all expressed themselves as fairly well satisfied with the result.

The Northern Additions.
Trustee Myers of the Third ward states that he has heard that a number of residents of the part of the city additions most recently taken into the city are dissatisfied with the sewer ordinance, inasmuch as it calls for the payment of money in the south part of town, when they had to pay for their sewers under the Voorman act three years ago.

"I think such an objection is not well taken," said the trustee, "and I live in that part of the town myself. The sewer put into the additions was no more to us than the amount that had already been paid in the old city before we began to pay any taxes. We were merely putting up our proportionate part. You will remember that the amount raised in the additions under the Voorman act was \$15,000."

"It should be taken into consideration that if the size of the town had not been increased and a large amount of sewage thrown into the Merced street main, the sewers in the south part of the city would not be choked up as they are at present. I think we people in the additions should bear our share of the expenses as we are now a part of the city and are getting our full share of the benefit."

Sewer Farm to Be Condemned.
"I find," remarked Mayor Lyon, "that there are still a great many persons who do not fully understand the method by which the city is to acquire a sewer farm. They speak of our paying this man or that man \$50 an acre for the land, when, as a matter of fact, we do not know how much we will pay. It can not be said often enough that the land is to be condemned, by means of a judicial action brought by the city against the owners of the land, designated, and the price that the city may pay will be determined by a jury of men qualified to judge of the price of land, and in no way interested either from the standpoint of the city or of the owners. There not only is no understanding, but we have taken particular care that there should be no understanding that any person is to get any sum of money."

The Matter of Nuisance.
"With regard to any fear that the sewer farm will constitute a nuisance in the West Park district," said the mayor, "the state health officer, Dr. F. M. S. Adams, has examined the plans thoroughly and we have his approval of building under them. He says that they are more than sufficient to protect adjacent owners from suffering from a nuisance. In fact, every engineer and every health officer that has looked into the matter is confident that we have provided against any adverse suits for damage."

DOCTORS ARE UNANIMOUS.

New Sewer System Absolutely Needed to Preserve City's Health.

We, the undersigned, members of the medical fraternity of the city of Fresno, hereby wish to express our approval of the contemplated issue of bonds for the improvement of the City sewer system. That health is wealth is an old and true saying, and it is as true of a city as of an individual. But health without proper sanitary conditions is impossible and these conditions cannot exist in a city without the improvement of the sewer. In many parts of the city at the present time the sewers are in such a deplorable state as to be a serious menace to the lives of the residents. Unless a sewer works in perfect order, the germs of disease are bound to spread through

the atmosphere. We have been fortunate so far in having escaped an epidemic, but under present conditions it is bound to come. We approved the plan adopted by the Board of Trustees and are confident it will remedy the evil. The cost should not be counted, for the ultimate cost should be the bonds to be defeated will be far greater. Men who have regard for their health and the health of their lives and children will move away from town and the business men will lose more in patronage than the bonds will cost them. It is a matter of the welfare of the people of our own city that demands the passage of these bonds.

INDIVIDUAL EXPRESSIONS.
G. L. Long, E. M. Gebhart, P. N. Russell, O. B. Doyle, W. T. Burks, J. L. Maupin, T. M. Hayden, I. B. Hines, A. N. Loper, E. C. Dunn, J. P. Davidson, C. P. Kjaerbye, E. J. Couey, I. St. John Hopkins, J. R. Walker, Burt B. Lamkin, P. Manson, R. Selden Anthony, A. L. Hunt, D. H. Trowbridge, W. P. Miller, L. R. Wilson, C. E. Adair, T. R. Meux, W. T. Barr, F. C. Galehouse, Angus B. Cowan, J. L. Martin, L. St. John Hely.

In addition to affixing their names to the foregoing, the doctors gave expression to individual views upon the urgency of the new sewer system.

I approve the issuance of bonds to complete a sewer system for Fresno.—Chester Rowell.

Dr. P. N. Russell:—I endorse the petition. I think the passage of the bonds is a very important sanitary measure at this time.

Dr. E. M. Gebhart:—I think it very important that we should have a better sewer system immediately.

Dr. O. B. Doyle:—I thoroughly approve of the sewer bonds. There is no doubt but that the city needs a new sewer and needs it badly.

D. W. T. Maupin:—The sewer is a matter of necessity. There is no getting around it. We have got to the point where we have to do it.

Dr. J. L. Maupin:—Emphatically there are no two ways about it, we can't get along without a new sewer. Humanity demands a change in the present conditions.

Dr. I. B. Hines:—The people south of Mariposa street cannot get along without it. The sewer there is constantly dammed up. Conditions certainly demand the remedy.

Dr. E. C. Dunn:—The sewer system today is not of sufficient capacity to care for the demands upon it. You must have good sewers if you have good health. There are places where the sewer backs up into bowls a story above the ground.

Dr. C. P. H. Kjaerbye:—I think the new sewer is absolutely necessary. Conditions demand it. If we fail to care for our sewage the inhabitants of the town will pay dearly for it.

Dr. Burt B. Lamkin:—All medical men are agreed—we can't get along without the sewer. The bonds don't carry the city will remain as it is now, in great danger of an epidemic.

Dr. R. Selden Anthony:—We can't get along without the sewer. There is no city successful without a good sewer. The longer we wait the more it will cost us, both in lives and in money.

Dr. D. H. Trowbridge:—We must have the sewer. It is a matter of necessity. We are imposing on people now both inside and outside the city.

Dr. J. D. Davidson:—There is nothing in the world that kills as many people as a bad sewer. You can't quote me too strongly in this matter.

Dr. E. J. Couey:—There is no question about it. A sewer system can't be too good and I am certainly in favor of improving the one we have.

Dr. J. R. Walker:—It is best for the city to get new sewers. We must have good drainage in order to get good health.

Dr. F. Manson:—The sewers need improving. We should put the bonds through.

Dr. A. L. Hunt:—The city certainly needs a good sewer system.

Dr. A. H. Wallace:—I know what the proposition is and I certainly am in favor of the bonds.

Dr. W. P. Miller:—The city has outgrown the sewer. I don't see any reason for objecting to the issue of bonds for building one adequate for our needs.

Dr. L. R. Wilson:—We must have a new sewer.

Dr. W. T. Burks:—We should have the sewer for the benefit of sanitary conditions. It is for the benefit of all people, inside of Fresno as well as outside, for people coming here want to be assured of safety from epidemics.

Dr. T. R. Meux:—I am in favor of a good sewer system. It is absolutely necessary for us and for generations to come. I know of no better proposition than the one before us.

Dr. F. C. Galehouse:—The sewer is a sanitary measure of great necessity to the city.

Dr. C. E. Adair:—The bonds are imperative. We can't get around it, we must have a new sewer system.

Dr. W. T. Barr:—I believe it will be a good thing for the city from a sanitary standpoint.

Dr. John Hopkins:—I say amen to the bonds.

Dr. A. B. Cowan:—I heartily endorse the bonds.

Dr. J. L. Martin:—The best interests of the city demand a new sewer system.

Your Prescriptions require special attention just now

On September 1st the new Pharmacopoeia became official. This is the standard of authority for druggists and physicians in the making and prescribing of medicinal preparations. The new Pharmacopoeia makes many important changes in old remedies and introduces many new ones. We are provided with every new or changed preparation now official. We are thoroughly familiar with all the new requirements.

This is a time when prescriptions should have the intelligent care and scientific attention that we provide. The protection we can afford you costs nothing extra.

Local boys are elated over the victory, but beneath the surface of the feeling is the satisfaction of knowing that the football team put up a game of the kind that insures more like it when the big games of the season, the one with the Porterville High and the one with the Tulare High, are due. The score yesterday was 6 to 0. The game was played at Recreation Park.

Fresno went into the game with Selma expecting a low score, because considerable attention would be paid to the individual work of the men on the team. Selma put up a good hard game, without showing the team development of the locals. The low score shows the stubbornness with which they met the attacks of the Fresno boys, especially when only three times during the game did Selma make yards.

Leonard of Fresno did excellent work punting. Selma's greatest advantage was in her handling of the kicks. Leonard sent the ball far down the field, but Selma lunged to the piskin when it came down and climbed down the field for good run ins. On the other hand, Fresno's handling of the visitors' kicks was woefully bad. Time and again the backfield dropped the ball and allowed the men breaking through from the other's line to nab it.

A feature of the Fresno boys' work was the creditable line bucking. Time and again young Hanner went through the wall for gains. Harris and Stanton at halves did good line work. C. Lang and W. Gilman of the Selma team are members of the Gregors of Selma.

There were about seventy-five Selma rooters here. The Fresno rooters turned out in force. Just before the game considerable excitement was caused by the turning loose of three balloons to which were tied High School pennants.

Jubilant are the adherents of the Fresno High school because yesterday their football team won a victory from the Selma High school players. The

in all its richness and elegance in here in a great variety.

Never before has there been gathered together in one store such a beautiful assortment—there's so many handsome cuts, so many different designs and so many beautiful pieces that words fail to express your admiration.

From the tiny bomb-bomb dish up to the immense punch bowl, you'll find the same beauty, richness and elegance.

See the window display.

H. B. OBERLIN

PROGRESSIVE JEWELER

1119 J Street. Fiske Block.
